

CIO FORUM

Monday,
December 13
11:00 am - 5:00 pm
Central Time
(reception following)

JW Marriott Austin,
Texas - OR - Virtual
via Zoom

The 2021 ICIS CIO Forum will connect senior-level IT practitioners with academics seeking to increase the impact of their information systems research.

"The CIO Forum was completely redesigned for ICIS 2021. Our vision is to bring together the academic and practitioner communities to identify opportunities for collaboration in both research and student-preparation. Our hope is that everyone leaves with new relationships and actionable insights." Keri Pearlson, Executive Director, Cybersecurity at MIT Sloan & CIO Forum Co-Chair
