RLF IS NEEDED NOW MORE THAN EVER

Our world is incredibly complex. It’s filled with relentless change, unpredictable ambiguity and unexpected upheaval. So the need for strong, top-quality leaders has never been greater. RLF can produce leaders who:

- Perform well amid volatility and change.
- Adeptly leverage their personal leadership strengths.
- Proficiently apply their highly-developed critical thinking skills.
- Collaborate, create and innovate with teams throughout the enterprise.
- Clearly know their values and instinctively do the right thing at all times.
- Mentor other individual contributors and cultivate strong, high-powered teams.

RLF IS UNIQUE

RLF is not just a set of quick workshops, lectures or seminars like other leadership programs. RLF is:

- A rigorous and highly-experiential “learning lab” fostering long term leadership development through six 2-day sessions over an 8-9 month timeframe.
- The cross-fertilization of ideas, experiences and practices to help participants pull from within themselves and each other to blossom amid an environment of deep learning.

LEARNING

Deep knowledge is continually cultivated through reading and discussing 25+ books to analyze and absorb a broad spectrum of important leadership principles.

EXPERIENTIAL

Participants are immersed in a rich, highly engaging team environment to practice, network and grow, reaping the benefits of the experiences of everyone in the room.

ADAPTABLE

Over 9 months, RLF participants become more adept at embracing and adapting to change, as a launching point to innovation, creativity and inspiration.

DISCOVERY

RLF is about discovering one’s self and a sense of mission — to assess and adjust one’s own performance and vulnerabilities to best lead other people and new situations.
