

**Agricultural Structures in Floodplains –
Developing Collaborative Solutions**
Panel Discussion

**Floodplain Management Association
2016 Conference
Sacramento, California**

Agricultural Structures in Floodplains

– Developing Collaborative Solutions

- Relationship of agriculture to Central Valley floodplains
- Impending impact of FEMA remapping and Biggert Waters 2012
- Adverse impacts to farming
 - Building regulation
 - Insurance rates
- Numerous initiatives/legislation to address these issues
 - 2012 and 2017 CVFPP Update
 - Regional Flood Management Plans (AFOTF)
 - HR 2901
 - 2014 GAO Report
 - AFMA
