

SUTTER BUTTE FLOOD CONTROL AGENCY

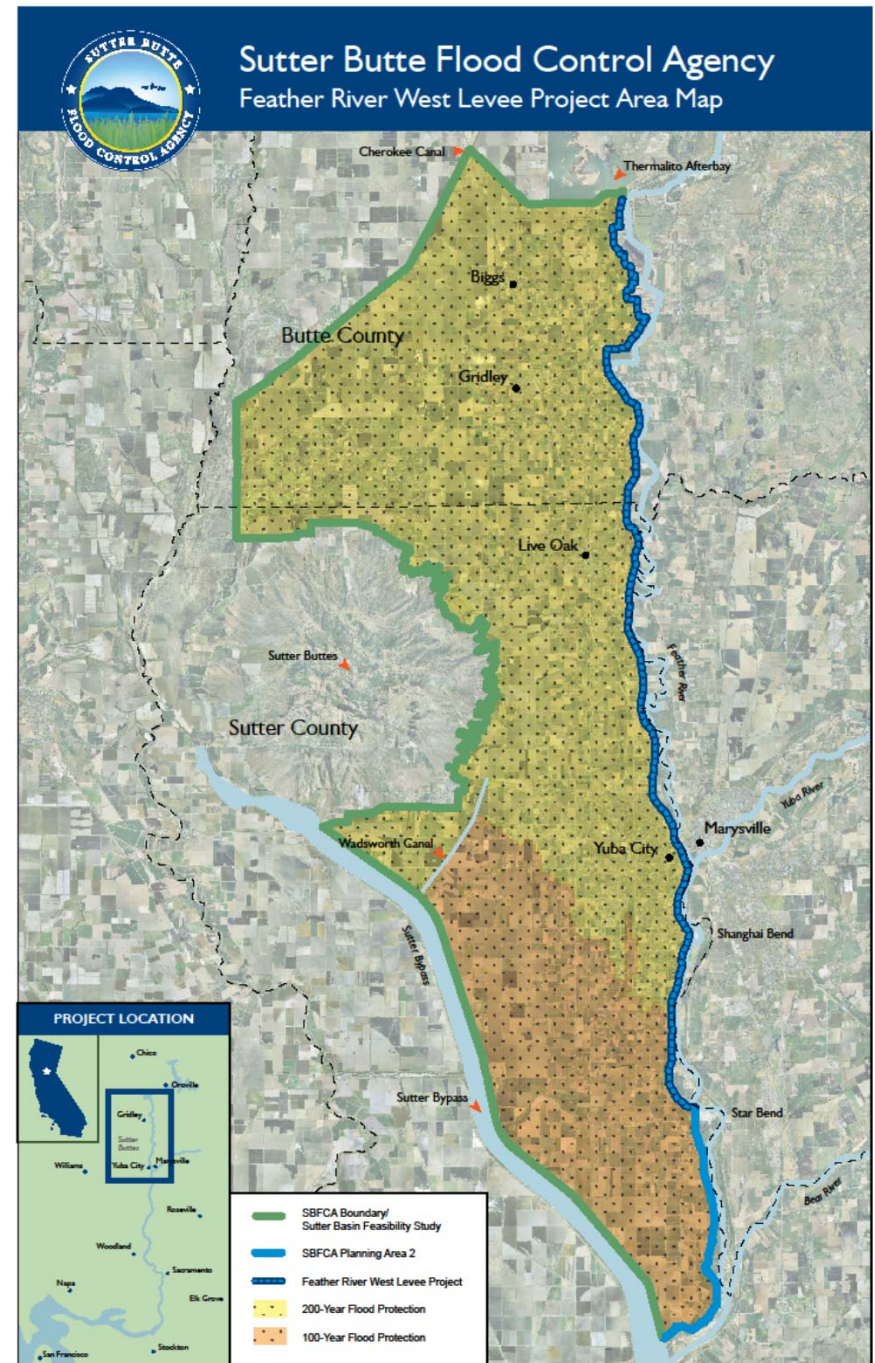

Floodplain Management Association

September 8th, 2016

Regional Projects

SBFCA

- Hydraulic basin
- History of flooding
- Joint Powers Authority 2007
- 2010 Assessment District
- Vision: *Vibrant communities and rural areas protected from the consequences of catastrophic, riverine flooding*
- Rural (100) and Urban (200) flood protection goals

FEATHER RIVER WEST LEVEE PROJECT

- Largest of SBFCA initiatives
- 37 miles of levee repairs/improvements
- 200-year level of protection
- Four construction seasons: 2013-16
- \$300 million total cost
- Cost shared: Local Assessment District, Bond 1e, other grants
- Parallel with Corps Civil Works Program

COMPLEXITIES OF “MULTI-BENEFIT” PROJECTS

- The good news...
 - OWA
 - Borrow
 - Right of Way
- Funding is narrowly prescribed
- Corps: regulator and implementer
- Cultural resources
 - FRWLP discoveries
 - State versus federal
 - Resolution?
- Fundamental construction issues
- OMRR&R
