

MML 82nd Annual Conference St. Louis Union Station Sept. 10-13, 2016

MML's 82nd Annual Conference brought more than 600 municipal officials from across the state together in St. Louis' historic and elegant Union Station. Topics included public works contracts, municipal courts, cool technologies for cities, downtown placemaking, legislative strategies and much more. More than 135 exhibitors shared the latest products and services for local government. The keynote speaker, David Horsager, shared the eight pillars of trust to help officials and employees succeed in serving Missouri communities. A magnificent light show entertained guests in the Grand Hall each evening, and the Super T Review Band performed at the MML Annual Banquet. At the Annual Business Meeting, members voted in new policy for the coming year and elected new leadership.
