IDENTICAL TRAINING IN EACH CITY

TRAINING for employees who design, operate and maintain electric, water and wastewater utilities

9 am to 3 pm. Lunch included. Registration on back.

SESSION TOPICS

ELECTRIC

- **Electric Distribution: Best Practices**
fuse coordination, transformer sizing and utilizing switches
- **Tree Trimming Program**
sample ordinances, clearance standards with different vegetation types and customer notification procedures, shared by Independence Power & Light
- **Solar Energy Safety**
net metering standards, properly installed inverters/disconnects and safety practices

WATER/WASTEWATER

- **Red Tape Reduction: Permitting & Operator Certification**
DNR & MPUA staff members will hold an interactive overview of changes with NDPES permitting and new proposals for water & wastewater certifications
- **GIS Systems: Golden Information**
create efficiencies with GIS technology to efficiently find pipes, valves, pumps, meters and where other facilities are located
- **A Bird's-Eye View of Inflow & Infiltration**
use of drones for I&I during a smoke test in areas that could otherwise be a safety risk
- **Boil Orders & Precautionary Boil Advisories**
methods of communicating clear and factual information about your water, especially during a boil advisory or boil order

MDNR License Renewal Hours are being requested for attending water and wastewater courses. More information to follow.
