

Objectives

At the conclusion of this activity, learners should be better able to:

- Explain the benefits of expanding access to care through telemedicine.
- Discuss the future developments of remote patient monitoring to improve health outcomes for patients.
- Determine the key compliance elements facing medical practices currently using telemedicine or planning to do so in the future.
- List the advantages and concerns for the use of telemedicine technologies across diverse practice settings.
- State the legal and regulatory frameworks that govern provision of services through telemedicine and that govern the insurance reimbursement process.
- Appraise whether conduct is in compliance with the laws and regulations of the state and whether there is sufficient documentation to obtain reimbursement.
- Explain how practitioners can bring their conduct into compliance with laws and regulations and modify their systems to ensure reimbursement for services provided
- Describe how laws and regulations are implemented, and how documentation requirements affect what reimbursement can be obtained.
- State the impacts of pollution and environmental changes on health
- Appraise how clinical sustainability can be an important strategy for promoting climate-smart healthcare
- Explain how reducing low value, inefficient clinical practices can reduce healthcare emissions
- Describe how research, clinician leadership, and climate-health innovation centers can play roles in efforts to deepen emission reduction across the sector.

Accreditation Statement

In support of improving patient care, this activity has been planned and implemented by American Academy of CME, Inc. and MSNJ. American Academy of CME, Inc. is Jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

AMA Credit Designation Statement

American Academy of CME, Inc., designates this live activity for a maximum of 4.25 *AMA PRA Category 1 Credits*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Disclosure Statement

According to the disclosure policy of the Academy, all faculty, planning committee members, editors, managers and other individuals who are in a position to control content are required to disclose any relationships with any ineligible company(ies). The existence of these relationships is not viewed as implying bias or decreasing the value of the activity. Clinical content has been reviewed for fair balance and scientific objectivity, and all of the relevant financial relationships listed for these individuals have been mitigated.
