

Melissa Legin, DMSc, CDE, PA is currently a Diabetes Medical Science Liaison with Novo Nordisk, focused on education of disease state, therapies, and clinical trial development/execution in cardiometabolic disease across the tri-state region with providers, health systems and associations. Prior to completing her doctoral degree and beginning her career with Novo Nordisk, Melissa was a practicing Physician Assistant in Pediatric Endocrinology. During her time in clinical practice, she specialized in diabetes, growth disorders, and her passion - obesity and disease prevention. In addition she serves as Adjunct Professor of Pediatric Endocrinology at Thomas Jefferson University. She is very active in her community and serves on the advisory board of Cities Changing Diabetes and is a volunteer at JDRF.
