

## ISCT Industry Committee

### ESP Member – Role Description

#### Industry Committee Scope:

The ISCT Industry Committee is comprised of senior executives and industry leaders, plus invited academic experts who drive the Society's industry impact and provide a forum to tackle key barriers in the path to cell and gene therapy commercialization. Monthly meetings feature guest speakers, discussion on current events, and provide networking and educational opportunities for members throughout the year.

The Industry Committee sets the strategy of the ISCT Industry Community and curates programming focused on building consensus on barriers to cell and gene therapy commercialization. The Industry Committee plans program content for the ISCT Annual Meeting, Commercialization Signature Series, and the Annual Industry Networking Reception.

#### ESP Member Responsibilities and Opportunities:

The Industry Committee is looking for 1-2 ESPs who are driven, enthusiastic and adaptable to support in executing the Committee's initiatives. In particular, the Committee is looking for candidates with strong experience in developing presentations and similar scientific communications to promote the content of the Committee.

The ESP will benefit from mentorship from leaders in the cell and gene therapy industry from across the globe and spectrum of companies involved in cell and gene therapy translation including therapeutic developers, pharmaceutical companies, CDMOs, and suppliers.

Industry Committee ESP(s) will assist in the executing the Committee's identified initiatives. Support may include, but not limited to:

- **Guest Presentation** – support planning and outreach for Committees monthly guest presentation segment
- **Resource outsourcing** – Spearhead the curation of the Commercialization resources for the ISCT Educational Suite on the ISCT webpage.
- **Current Events** – Provide relevant and fact checked current event topics for discussion on monthly teleconferences.

Attendance to monthly Committee teleconferences is required for success in this position. The ESP will work closely with the Committee Chair, Anthony Ting (CMO, Bone Therapeutics) and ISCT Head Office Liaison, Simone Stickland

The term of the Industry Committee ESP Position is 2 years.
