

Workforce Development Committee ESP Leadership Development Program

Committee's scope and research interests

The Workforce Development Committee strives to prioritize and provide strategic direction for ISCT Workforce Development, Training and Education initiatives.

1. Identifying urgent needs areas/target audiences for new translational science programs (from pre-clinical development to patient access).
2. Identifying opportunities for field development and expansion.
3. Prioritize allocation of effort and return on investment required.
4. Identify program champions.
5. Assess relevancy and alignment with strategic external/internal partnership opportunities.
6. Recruitment of program SME (subject matter expert) faculties and speakers.

Projects and responsibilities for the ESP member

Potential projects for the ESP member are as follows:

- The ESP member would support possible surveys to identify CGT training needs and gaps.
- The ESP member would assist with contributions to CGT workforce development programs.
- The ESP member would contribute to Workforce Development articles in *Telegraft* and/or *Cytotherapy*.

ESP member's opportunities within the Committee

The ESP member will contribute to the Committee's deliverables and have the opportunity to work with experienced members in relation to their sphere of interest.
