GREAT CHEFS

JOIN US FOR A CULINARY & WINE EVENT SERIES AT
WESTCHESTER COMMUNITY COLLEGE
TO BENEFIT SCHOLARSHIPS AND THE ON-CAMPUS FOOD PANTRY

Hungry For More Than Knowledge

Food insecurity is a growing problem, especially on community college campuses, where **30% of undergraduates in New York State are affected**. Hunger is strongly linked to lower graduation rates. Support for tuition alone is not enough to help our students, whose everyday needs are not being met. **WCC is partnering with some of the area's finest restaurants to combat this problem.**

Join us

as Westchester's most celebrated chefs, assisted by WCC's Culinary Arts & Hospitality Management students, present a series of intimate dinners and cooking demonstrations in October. Each event features an exclusive wine tasting experience with specialists from Wine Enthusiast. Events take place in our state-of-the-art instructional kitchens and culinary dining room at the WCC Valhalla Campus.

100% of funds raised from the Great Chefs Series will benefit WCC Foundation's scholarship fund and the On-Campus Food Pantry.

Food For Thought

The WCC Foundation raises resources to meet student and college needs not met by public funds. Your attendance at the Great Chefs Series will help support special programs that provide students with critical services:

PROGRAMS

The WCC On-Campus Food Pantry was established in 2014. During the 2017-18 academic year, it provided meals and non-perishable food items for over 1,000 students and their families.

Last year's Great Chefs Series raised funds to distribute 120 Thanksgiving dinners to students in need.

SCHOLARSHIPS

The WCC Foundation has awarded more than \$20 million in scholarships to over 17,000 students since 1969. Funds from this series created the "Great Chefs Scholarship," an annual award for culinary students of excellence.
