FOR IMMEDIATE RELEASE

Martha Perrotin from Colorado State University Presented with NACCU’s 2017 New Professional Award

Phoenix, AZ – April 24, 2017 – Martha Perrotin received the 2017 NACCU New Professional Award during the 24th Annual NACCU Conference in Orlando on April 5, 2017. The award was presented by Pam Hoover, the NACCU New Professional Award Sub-Committee Chair.

The New Professional Award is designated for an individual who has made a significant contribution to their institution, the industry and to the Association within a relatively short time. Martha Perrotin, the Assistant Director of the Ram Card Office at Colorado State University, certainly exemplifies these qualities.

Since joining the Ram Card Office, Martha has led the design and implementation of SharePoint tools, devised to improve the data management of the front office transaction activity and ID production for efficient inventory and tracking.

Additionally, she led the creation and implementation of vending work order SharePoint tool that manages and tracks work orders and communicates them to the respective vendors.

Martha also created processes to analyze and monitor dormant declining balance accounts to prevent and identify anomalies, in collaboration with Technology Services.

Martha developed and facilitated a student internship program to introduce student athletes and high school students to the card office and provide real world professional experiences.
In addition to her dedication to her institution, Martha also recognizes the importance of the Association. She has not only attended numerous conferences, but participated as a presenter, committee member, New Professional Institute, and moderator.

NACCU congratulates Martha Perrotin as the recipient of the 2017 NACCU New Professional Award.
