NAEMSE Reaffirms Commitment to Equity & Care

In honor of Black History Month, the National Association of EMS Educators reaffirms our commitment to equitable, high-quality care for all. We recognize and honor the work done by pioneers in our field, such as Freedom House, and acknowledge we still have much work to do.

We are grateful to those EMS professionals and Educators working to achieve the promise of those pioneers every day. We will continue to do the hard work to ensure not just appropriate care, but also equitable access to EMS education for all in our society who are interested in pursuing our profession.
