ABOUT THE VENUE:

THE ROCKY MOUNTAINEER VANCOUVER STATION

The Rocky Mountaineer Vancouver Station is a historic venue conveniently located in the heart of the city. With its full-length glass walls allowing ample natural light to illuminate the exposed timber and brick interior, guests can appreciate the airy warmth within. The 34-foot-high vaulted ceilings add to the classic charm of the building, originally designed as the Rocky Mountaineer train station and recently renovated into a versatile private event space spanning over 12,000 square feet. The venue seamlessly blends turn-of-thecentury charm with modern design.

In 2022, we were honored to welcome 400 members of the Vancouver commercial real estate community at the Fairmont Hotel Vancouver. Together, we gathered to celebrate the remarkable people and projects that defined the calendar years of 2020 and 2021.
