NAMB Certification Exams – An Overview

NAMB established the GMA®, CRMS®, and CMC® certification exams to provide members with an opportunity to be recognized as leaders within the increasingly competitive field of mortgage brokering. Specifically, these three distinct, yet complimentary exams are designed to:

- raise the standards and improve the practices of the mortgage brokerage profession;
- identify persons with demonstrated knowledge of the principles and practices of the mortgage profession, its related disciplines, and laws;
- develop a foundation for future leaders in the industry; and
- encourage qualified persons to pursue a program of professional development.

Each exam requires different levels of work experience, the accumulation of qualifying points (awarded based on multiple factors including work experience and formal education) and the passing of a computer-based, multiple-choice test. The GMA®, CRMS®, and CMC® certifications are awarded by the NAMB Certification Committee. The credentials identify the certificant as having met the standards of required knowledge, skills, and abilities established by the Committee.

Exam Methodology

Developing and maintaining credible and relevant certification programs requires a significant investment of resources. NAMB is fully committed to ensuring that our certification programs remain the most respected designations in the mortgage brokerage industry. The GMA®, CRMS®, and CMC® certification exams are the result of a multi-step process that includes the following steps:

1. Conduct a job analysis. A job analysis is a survey of mortgage industry experts to evaluate their level of knowledge and skills necessary for competent performance. (NAMB repeats this step every five years);
2. Develop the exam using the job analysis findings and create exam questions;
3. Re-validate the exam. Review the content of each exam frequently to ensure that questions remain relevant as the profession evolves; and
4. Conduct performance and fairness reviews. Subject-matter experts and psychometricians review all questions extensively and update or remove outdated questions to stay in line with the natural flux of this industry.

Each exam is designed similarly to provide multiple-choice questions based on select subject-matter areas. The GMA® exam features 125 questions within seven subject-matter areas, the CRMS® exam has 125 questions within five subject-matter areas, and the CMC® exam has 200 questions within six subject-matter areas. **Note: Only the CRMS® and CMC® exams include additional un-scored pre-test items at this time. See Exam Format section for more details.** In all cases, four answer options are provided for each multiple-choice question. There are no “trick” questions. While no points are awarded for incorrect answers, no points are subtracted for incorrect answers either (i.e., incorrect answers have a point value of zero). This means that if you are uncertain of the correct answer, it is advantageous to make an educated guess.

Because these exams don’t measure “academic excellence” but rather competency, they are scored as either pass or fail. The exams are computer-based and are offered at more than 200 exam sites throughout the U.S.

Additional information about the GMA® and CMC® exams can be found in separate handbooks available on the NAMB website at [www.namb.org](http://www.namb.org).

**Examination Development**

The findings of the job analysis serve as the foundation for developing the examination specifications. These specifications identify the linkages between the responsibility and knowledge areas and outline the following: (a) the topics covered on the examination, (b) the number of questions per topic area included on each examination, and (c) the cognitive level at which questions for each topic area are written. The examination specifications can be reviewed and adjusted by the Certification Examination Committee, as necessary, to reflect current professional practice, government regulations, etc. The examination form is assembled in accordance with the examination specifications.

Questions on the exam are written by Certified Mortgage Professionals who have been trained in preparing multiple-choice items by Kryterion, Inc. Every 2 years, at least 15 certified professionals are selected to write items for the examination.

Items written are sent to a validation committee where questions are assessed for content, level of difficulty, accuracy, and correctness. Once approved, the question goes to Kryterion for style editing to ensure consistency of question format and to be included in the bank of examination questions.

From that bank, Kryterion prepares a draft examination based on the exam specifications. The exam committee then meets and reviews the draft exam, substituting questions as needed to further balance and match the content of the examination to the test blueprint.
Pretesting of Items

To enable the addition of new items with proven sound statistical attributes to the active item bank, up to a quarter of new items are pre-tested on the examination form. Pre-test items are not scored. Pre-test items are intermingled among the active items and candidates do not know which items are being the pre-tested. Candidates are notified that a quarter of test items are pre-test items.

Value of Certification

Members seeking certification should know that the benefits of achieving this distinction are far-reaching and will enhance your career and reputation. Certification:

- distinguishes mortgage professionals who have received the highest level of professional knowledge available to them.
- helps borrowers select a qualified mortgage professional because certified brokers and loan officers are elite members of the industry. They have shown their dedication to the consumer by obtaining advanced education and demonstrating that they have the skills necessary to provide quality service.
- measures a core body of knowledge shared by competent professionals in the field;
- establishes portable evidence of professional competence, recognized throughout the U.S.; and
- promotes continuing professional development and ensures that certificants stay current with industry trends and changes.

Statement of Non-Discrimination

NAMB does not discriminate against any person on the basis of gender, age, sexual orientation, ethnicity, national origin, religion, disability, or marital status as defined and prohibited by law.

Lending Integrity Seal of Approval

NAMB saw a need for Hardworking, Professional, Ethical Mortgage Brokers to distinguish themselves from the few bad actors who operate in the mortgage industry. In 2007, the Association launched the Lending Integrity Seal of Approval to allow consumers to easily identify loan originators who have pledged to abide by a National Standard when it comes to a Professional Standards, a Code of Ethics, Continuing Education, and more.

A mortgage professional can only make the Lending Integrity pledge and display the Seal if he or she meets the following criteria:

- Possess current state-issued mortgage broker license or has three letters of reference, including one from a NAMB mortgage broker (if a loan officer).
- Pass a federal criminal background check.
- Complete six hours of continuing education each year, including two hours of ethics training (or equivalent hours over multiple years depending on individual state multi-year licensing cycles). Note: this requirement is waived for members who hold a valid GMA®, CRMS®, or CMC®.
• Pledge to adhere to the NAMB Code of Ethics and Professional Standards and Professional Standards and Best Lending Practices, and abide by the NAMB grievance review process.

NAMB Membership

If you’re not already a NAMB member, consider joining. Established in 1973, NAMB is the only national trade association representing the mortgage broker industry. With members in all 50 states, NAMB promotes the industry through programs and services such as education, professional certification, and government affairs representation. NAMB members subscribe to a code of ethics and best lending practices that foster integrity, professionalism, and confidentiality when working with consumers.

Membership provides you with all of the products and services that associations typically offer along with services specially tailored to the mortgage industry. Some of the benefits of NAMB membership include:

• entrance into NAMB’s extensive grassroots member network;
• comprehensive educational opportunities that are reasonably priced and convenient – members pay a reduced fee for certification exams;
• subscription to News from NAMB, a weekly online newsletter, and the National Mortgage Broker Magazine, published monthly;
• access to consumer educational materials and other communications tools to help you build and sustain relationships with customers; and
• members-only discounts on a wide array of goods and services, including greatly-reduced rates to attend NAMB’s annual convention.

How to Join

NAMB is a professional association with individual members, not mortgage companies. We are proud to have reciprocal membership agreements with many affiliated state associations across the country. This means that most of our members join by first contacting their local affiliated state association.

If you live in a state where we have an affiliated state association, you may join NAMB by completing the membership application for that state association. Your state and national dues are collected as a single fee by the state; then, the national portion is forwarded to us. The vast majority of our members are required to join by this method. Please visit the “Member Resources” section on www.NAMB.org for more information and a complete list of state affiliates.

In addition, there are 30 pre-test items which do not affect your score but are being evaluated for future exams. Note: these pretest items are randomly scattered throughout the exam and are not identified as “pretest” questions. You should, therefore, answer each question as though it were a graded question. To pass the CRMS® exam, you must answer at least 75% of the exam questions correctly.

Preparing for the Exam

The following may be helpful as you prepare for the exam:

- Exam specifications and a study guide with sample questions are provided in this handbook. The sample questions are arranged in order of content area; however, on the exam, the questions are in random order.
- Answer all of the sample questions to see if there are any subject areas with which you have difficulty. You should review those subjects prior to taking the exam.
- Study the format of the sample questions; the exam questions will follow the same format. All of the questions are multiple-choice, will have only one correct answer, and can be answered independent of other questions.
- Reference materials used during the development of the exam are cited in the Reference List at the end of this handbook. NAMB does not recommend that you read all of these reference materials before taking the exam; however, you may want to refer to specific sources for help with subjects in which you need additional review.
- Before your scheduled exam date, make sure you know the exact location of the test site. Know the best way to get there, where parking can be found, and etc.

Additional Testing Information

Candidates with Disabilities

If you are unable to take the exam in person because of a disability, you may request a reasonable accommodation by contacting the test center. Please be sure to include all supporting documentation, including a letter from a licensed medical professional who is currently providing you treatment. If you are learning disabled, please also submit a diagnosis of the disability corroborated by psychological testing. NAMB will grant reasonable accommodations on a case-by-case basis to ensure that all candidates have the same opportunities to be tested.

Bad Weather

The exam will be delayed or canceled only in emergencies. If severe weather or a natural disaster makes the test site inaccessible or unsafe, the exam will be canceled and candidates will be notified by the testing center. Exams that are canceled due to bad weather will be rescheduled as soon as possible without additional charge.

Test Security

Before taking the examination, you must read, understand, and agree to the terms listed in the Statement of Confidentiality during the scheduling process. Failure to comply with the terms in the Statement of Confidentiality may result in the invalidation of the results of your examination, termination of your candidate status, revocation of your certification, civil liability, criminal prosecution, or other appropriate sanctions.

Cancelling, Arriving Late, or Failing to Appear
NAMB makes great efforts to provide you, as the candidate, both quality assurance and the flexibility to schedule an exam at your convenience. Due to limited seating, you MUST notify NAMB at least three (5) business days prior to your scheduled examination appointment. This includes all candidate updates and rescheduling issues. If you do not provide the proper notification to reschedule within these guidelines, you will forfeit your entire registration fee.

**Rescheduling the Exam**

Your rescheduled examination date must still fall within your original one year eligibility period. The fee from your first reservation will be applied to your new examination appointment. Due to limited seating, you MUST notify NAMB at least five (5) business days prior to your scheduled examination appointment. If you wish to re-register at a later date you will be required to submit the applicable fee. Note: If you arrive late to your exam, you will be considered absent and will forfeit the registration fee.

**Emergencies**

There are, however, some exceptions to the above requirements which allow you to reschedule your exam. In the event of an emergency, please refer to the candidate handbook and contact NAMB within five (3) days of a scheduled examination appointment. You will be allowed to reschedule free of charge once. NAMB may ask for further documentation as needed. Note: your new exam date must fall within your original one-year exam eligibility period. You may reschedule free of charge if you experience one of the following:

- notify NAMB within three business days of your original exam date
- serious illness – either you or an immediate family member;
- death in the immediate family;
- disabling traffic accident;
- unforeseeable (within three days of the exam) court appearance or jury duty; and
- unforeseeable (within three days of the exam) military duty activation

If it’s been longer than three business days, you may reschedule the exam at your convenience, however all paid fees will be forfeited. If you miss your original one-year eligibility period, you must reapply and pay all appropriate fees to sit for the exam.

**Taking the Exam**

The CRMs® exam is conducted via computer. The computer records your responses and automatically times the exam. You have three hours to complete the exam. You are able to change your answers, skip questions, and flag questions for later review. Your exam will be automatically scored as you complete it; your pass/fail status will be displayed on the computer screen at the end of the exam.

You do not need extensive computer experience to take this exam (test site proctors are available to answer questions you may have about the computer's testing system, but they cannot answer any questions about the content of the examination).
The Day of the Exam Checklist

✔ Arrive at least 30 minutes before your scheduled exam time to allow time to register and have your identification verified.
✔ Bring two forms of identification bearing your name and signature. At least one must be government-issued and include a recent photograph. (Non-US citizens must bring a valid passport.)
✔ Confirmation of your exam date and time.
✔ The purchase confirmation email which includes your test taker authorization code. The proctor WILL NOT be able to launch your exam without this code.
✔ A financial calculator (Please review list of acceptable calculators).

During the Exam

The following rules are in place to ensure that every test taker has the same opportunity for success while taking this exam; failure to follow these rules may result in dismissal from the testing site and additional sanctions are possible.

- With the exception of a financial calculator, NOTHING may be brought into the exam room with you. This includes papers, all books, food, drinks, bags (including handbags/purses and backpacks) or electronic devices (including cell phones and PDAs/Blackberries).
- Scrap paper and pencils will be provided and collected at the conclusion of the exam.
- You may not leave the exam room without the test proctor’s permission.
- You must present your government-issued, photo ID each time you enter the exam room.
- Do not attempt to browse outside your testing window or access the Internet. This will cause your test session to immediately terminate.
- Cheating is not tolerated. Anyone suspected of cheating will be reported and the certification status may be revoked by NAMB.
- Do not provide assistance to or accept assistance from anyone taking the test.
- Do not click the ‘Submit’ button until you have completed the ENTIRE test.
- Do not remove test materials from the exam room.
- It is not recommended that you take a break during the testing session as this is a timed test and the clock will continue to run during your break.
- Only test takers are permitted in the waiting room.
- There is no smoking or tobacco use in the exam room.

After the Exam

Once you have submitted your exam, you will receive a pass/fail notification which also includes your score report on the computer screen. The score report will provide a break down of the percentage passed in each content area and will include a pass/fail report of the entire exam. For those who successfully pass the CRMS® exam a congratulatory email along with the CRMS logo will be provided and a CRMS® Welcome Packet will be mailed within 3 - 4 weeks of the exam date. For those who fail, an email confirming the score and a re-examination form will be sent via email.
Retaking the Exam

A candidate who fails the CRMS® exam may retake it one more time within the one-year eligibility window. Candidates must wait at least one month before being eligible to retake the exam and the exam must be taken within the one-year exam eligibility period. If you fail the exam once, NAMB will email you confirmation of your exam results. You may re-register online to take the exam and pay the $140 re-examination registration fee after the one-month waiting period.

If you should fail the exam twice, you are welcome to reapply for eligibility and begin the application process after a mandatory one-year waiting period (note: the date you were notified of the second failed exam begins your waiting period).

  - Congratulatory letter and useful information  
  - Certificate recognizing you as a CRMS®

  - How to Promote your Designation booklet |

Using the CRMS® Designation

The CRMS® designation is valid for three years through 31 December following the date on which the certification exam was passed. For example, if you pass the CRMS® exam on May 20, 2008, your certification will be valid through December 31, 2011.

Once you are a certified CRMS:
  - you are entitled to display the CRMS® Certification Credential;
  - your name will be published in NAMB’s “Directory of Certified Mortgage Professionals” (found on-line and in the NAMB magazine);
• if you are a NAMB member, your name will appear before non-members in the NAMB Find-A-Broker search engine. (If you’re not a member, please visit www.NAMB.org to learn about benefits of membership); and
• automatic Silver Medallion Status, entitling you to various benefits including discounted NAMB conference registration fees.

Revocation of Certification

NAMB reserves the right to revoke a CRMS® certification if the designee:
• divulges exam content;
• commits false representation (misrepresents himself or herself or attempts to take the exam for someone else);
• cheats on the examination;
• violates the NAMB Code of Ethics;
• violate the NAMB Best Business Practices;
• uses the Certified Residential Mortgage Specialist® or “CRMS®” designation in a manner which creates the appearance that a business, company or other group is certified by NAMB;
• “otherwise misuses the “Certified Residential Mortgage Specialist®” or “CRMS®” designation;
• pleads guilty or nolo contendre to or is found guilty of financial offenses, physically violent offenses or offenses involving misrepresentation or fraud; and
• fails to satisfy the recertification requirements by the 31st day after the certification expiration date.

Recertification

The CRMS® certification is valid for three years. To ensure that NAMB-certified mortgage professionals stay current of changes in the industry, and to provide continuing professional development, CRMS® certificants are required to complete at least 30 hours of mortgage-related continuing education every three years to maintain their certification. To recertify for the next three-year period, submit a completed recertification application, recertification fee of $150 for members and $250 for non-members, and documentation of successfully completing the required 30 hours of mortgage-related continuing education to NAMB during the last year of your CRMS® certification period.

All materials must be received before your current certification expires, so make a note of that date - it is your responsibility to remember when your certification expires. If you don’t submit your application before the expiration date, your certification will be suspended for 30 days during which you may still apply for recertification. However, if after 30 days you have not applied your certification will be revoked. If you wish to become certified again, you are welcome to go through the reinstatement process.

Successful recertification depends on submitting a complete application and appropriate fee. Incomplete applications will not be considered.

NOTE: If you hold more than one NAMB Certification, you pay one recertification fee every three years, rather than two or three separate recertification fees.

Recertification fee discounts are available for candidates who:
passed the examination within 90 days of the date of eligibility (first recertification fee waived);

- passed the examination within 180 days of the date of eligibility ($25 discount on first recertification fee); and

- served as a mentor to a successful CRMS or CMC applicant ($25 discount on the recertification fee per successful applicant mentored).

NOTE: If you hold more than one NAMB Certification, you pay one recertification fee every three years, rather than two or three separate recertification fees.

All NAMB certifications are valid for three years.

Reinstatement

As a NAMB-Certified Mortgage Professional you are required to renew your NAMB certification every three years, through the recertification process. If you do not complete the recertification process within the appropriate timeframe, you are no longer certified and lose the privilege of using the designation.

As a former NAMB-Certified Mortgage Professional, you are eligible to complete the reinstatement process and regain the certification status without retaking the CRMS®. You have 2 years from your expiration date to submit a completed reinstatement application, reinstatement fee of $500 for members and $600 for non-members, and documentation of successfully completing the required 30 hours of mortgage-related continuing education to NAMB.

If you miss this reinstatement deadline and wish to become certified again, you are welcome to reapply to take and pass the certification exam again.

Mortgage Professionals on the Value of NAMB Certification...

"With so much negative media about our industry in recent months, I believe it is vitally important for mortgage brokers to strive for the utmost in professionalism and ensure that we are knowledgeable about the industry as a whole. As we collectively represent this industry, the best contribution that we can make individually is to continually work towards higher levels of certification and excellence."

-Justine Assal, CMC
  Vice President
  ACM Home Loans
  Orlando, Florida

“My CRMS has given me the upper hand many times in working with clients who are still shopping rates. Knowing I have higher education requirements and a commitment to providing the most up to date information gives those shoppers a peace of mind they don't find with anyone else. My certification, combined with my NAMB membership does more to convert those shoppers into valued customers than anything else I could do.”

-Shana L. Sowles, CRMS
  Vice President
  Person to Person Mortgage, Inc
  Overland Park, Kansas

“The CMC and CRMS designations place me in the top one percent of the mortgage industry. Certification shows that originators are working towards continuous learning, education and training for example, I want my customers to know that I am committed to gaining the knowledge to inform and educate them on the real estate and mortgage industry. I want them to know that I am committed to them as individuals and that I am equipped with the knowledge to put them in a better financial position.”

-Eric A. Parker, CMC, CRMS
  President
  Third Financial
  Akron, Ohio

“Getting my CRMS Certification has definitely helped grow my business. I have closed loans because of my certification alone! My certification tells my customers I care enough to be among best of the best. My certification, along with NAMB’s Code of Ethics and Best Business Practices helps me hold my head higher and stand out in the top one percent of the mortgage industry.”

-Penny Fagan, CRMS
  P. Fagan Mortgage, Inc.
  Decatur, Alabama
“The CRMS designation proves my commitment to the industry and my customers. I have had this designation for over 11 years and it has kept me involved in continued education and updated on industry knowledge. With more education and knowledge I have been respected by customers as their “Go To Person” for financial advise. Having the CRMS next to my name has simply set me apart from other individuals in the industry and opened many profitable doors for me. I would suggest that every loan officer who hopes to be successful in an average market, take the time to invest in this designation.”

-Laura C. Dantuma, CRMS
President
Prime Investment Mortgage Corp.
Chicago, Illinois

“A CMC or CRMS designation will distinguish you from the pack. Everybody else is just talking-the-talk with regard to better serving your customers. With a designation, you’ll be one of the few that is actually walking-the walk.”

-Gilda Kemp, MBA, CRMS
Branch Manager
Morgan Capital of Arizona, Inc. (FN)
Arizona

“The CMC designation sets me apart from thousands of mortgage professionals in the United States. I believe this shows my continuing commitment to continued education which I impart to my customers so they may make fully informed financial decisions that will impact their future. As a Certified Mortgage Consultant, my customers can be assured that I deliver exceptional service with honest, open answers and information and that I have a life long goal to provide them with the best tools for their financial success.”

-Greg Freeman, GMA
Loan Officer

“When I set out to achieve the dual designation of CRMS and CMC my goal was twofold. One was to separate myself from my competition and the other was to promote “added value” to my clients. The designations speak volumes. They show a commitment to excel in my industry and an expertise within. I couldn’t be happier that I made the choice”.

-Gerald McChesney, CMC, CRMS
