2005 Aviation Art Contest
Create an Air Show Poster—More than 100 Years of Human Flight

For more than 100 years, men and women have been taking to the air and delighting those on the ground. Across the world, people have gathered in open fields and airports large and small to see aircraft old and new, aerobatic pilots spinning and diving their planes in the sky, beautiful hot air balloons floating over the land, parachutists descending to the earth under colorful canopies, and microlights competing in precision flying contests.

For 100 years, the Federation Aeronautique Internationale (FAI) has been there to encourage both the love of aviation and the thrill of competition. Many participants and visitors come simply to see the wonderful aircraft and meet other aviation enthusiasts. Others come for the competition.

It is now your turn to become a part of this century long tradition by creating an air show poster. It should celebrate the adventure of human flight that has long been promoted by the FAI. Design a poster that will attract families and individuals, children and grandparents, and everyone in-between. Showcase the action, excitement and fun at the open fields and airports where pilots and their aircraft amaze and entertain millions of people each year.
