"A FRIENDLIER WORLD WITH AIR SPORTS"

Front cover image: Detail of artwork by L. Yan, 2020 3rd Place National Junior Cat. Winner & 2020 2nd Place International Junior Cat. Winner
When we think of aviation, our first thoughts go to the sky. We imagine what it would be like soaring through the air in a glider, floating across the sky in a hot air balloon, or maybe even twisting and looping through clouds in an aerobatic plane. While being in the sky is glamorous, it is only part of the adventure. Every journey begins on the ground with a team of people working together to make something happen.

Working together, a group of aviation enthusiasts can accomplish what one person alone never could. The friendships created in this process are one of the things that keeps people coming back to air sports again and again. The friends that meet to hang glide share laughs on cliff sides around the world. Hot air balloonists enjoy meals with the crew of the chase vehicle after a flight across the countryside. Air shows, of course, offer it all. Everyone is invited to share in the joy that sport aviation produces. Pilots love talking about their planes, ground crew share the work required to keep everything safe and in top shape. The chance to take a ride is irresistible to some, while others enjoy eating tasty food and watching the show overhead. A single parachutist in the sky can hold the attention of hundreds of people below. When the day’s adventure is over, both participants and spectators leave with new friends, as well as stories to share among themselves and others.

Air sports brings people together and creates friendships that connect people from all over the world and of all ages. Now it’s your turn to grab your favorite art supplies and create an artwork that captures the friendlier world that comes from people meeting and sharing their love of sport aviation.
