American Association of Naturopathic Physicians | August 2023 Issue

Latest News for the Profession

The AANP 2024 Call for Speakers is OPEN!

The Call for Speakers for the AANP 2024 Annual Convention is Open! The AANP 2024 Annual Convention will be held July 11-13, 2024 at the luxurious Swissotel Chicago!

AANP 2024 is set to inspire, teach, and showcase the clinics, research, philosophies, and innovations that are driving the advancement of naturopathic medicine in the future of healthcare.

AANP 2024 will once again have options for hybrid learning, in-person and virtual live & recorded sessions.

The deadline to apply to speak is November 1, 2023, 11:59 pm ET.

Call for Patient Testimonials

Chris's Story: Cultivating Healthy Habits

The American Association of Naturopathic Physicians (AANP) and the [Institute for Natural Medicine](#) (INM) are working to gather patient testimonials aimed at highlighting the transformative power of naturopathic medicine. As we continue our work in bringing naturopathic medicine to the forefront of healthcare, we understand that the voices of our patients are a powerful testament to its value.

We are in search of more patient testimonials to feature in our public relations efforts. Have you treated patients who have experienced extraordinary results through naturopathic medicine? We invite you to share their stories with us through interviews. The INM is issuing an open call for testimonials from grateful patients who wish to recount how naturopathic medicine has positively impacted their lives.

All we require is the patient's contact information, their consent for us to reach out to them, and a brief overview of the story they wish to share. Additionally, if you would like the opportunity, provide your contact information to potentially be featured alongside the patient in our article.

We are excited to showcase the incredible work that each of you contributes on a daily basis. Together, we can elevate naturopathic medicine to new heights and make a lasting impact on

healthcare.

AANP Convention ReCap

THE AANP 2023 ANNUAL CONVENTION

Together Now for Tomorrow's Health

We are immensely grateful for the outstanding turnout and enthusiastic participation we witnessed at AANP 2023. The remarkable attendance truly exemplifies the dedication and passion of our community. It's heartening to see that registrations for the virtual convention are still pouring in. Reminder that the virtual platform will remain accessible until December 31, providing extended opportunities to watch the many sessions that are available.

For those who may have missed any details or wish to relive the experience, the AANP 2023 post-event press release can be found at the link below. Thank you all for making AANP 2023 a resounding success! If you'd like to register still, you may do so [here](#).

News from the Global Health Committee

GLOBAL HEALTH COMMITTEE

The recent Global Health Mixer at the AANP Convention in July was a smashing success! Drs. Michael Cronin, Erin Willis, and Iva Lloyd each shared some inspiring words, but the majority of the event was dedicated to mixing, mingling, and merry-making among attendees. The gathering was well-attended, and everyone had a fantastic time while learning valuable insights to improve global health initiatives for the upcoming year.

Though we missed those who couldn't join us in person, the event still managed to bring together a diverse and enthusiastic crowd. We are delighted to report that we collected about 25 email addresses from individuals keen on staying updated and involved with the Global Health Collective (GHC). Even more exciting, seven people, including students and doctors, expressed an immediate interest in joining the GHC.

With the incredible support and momentum we've drummed up, we are enthusiastic about the future of the GHC. In summary, maintaining open communication, providing opportunities for involvement, and actively engaging with the new supporters will ensure the GHC's continued growth and success. Together, we can make a real difference in global health!

Interested in the Global Health Committee or another AANP Committee? Learn more below!

Member Spotlight

MEMBER SPOTLIGHT

DR. BOMMI V REDDY

This month's Member Spotlight is Dr. Bommi V. Reddy! Dr. Reddy has a unique history, practicing as a veterinarian, medical doctor and naturopathic doctor. He currently works as both a vet and an ND and considers himself a "true integrationist." Dr. Reddy values non-violent, holistic approaches to healthcare for ALL species, human and animal, and believes that AANP is leading the charge to confront peoples' health crises.

AANP 2023 CE WEBINAR SERIES

A Heart to Heart: Key Strategies to Optimize Cardiac Health
Thursday, October 5 at 8:00 PM EDT

Speaker: Sarah Clarke, DC, IFMCP

Standard Process

This session will focus on the current statistics of the global and U.S. burden of cardiovascular disease, the role of diet in risk factors and the mechanism through which nutrition lowers risks. Attendees will review current trends in cardiovascular disease risk factors, understand essential dietary changes to improve cardiovascular risk factors, and learn strategies for targeting inflammation via regulation of insulin, homocysteine and supporting resolution.
