

HOW TO UPDATE YOUR ZOOM VERSION

Method 1:

1. Go to Windows Start button at lower left of your computer
2. Open Zoom and login
3. Click profile picture at upper right and choose Check for Update from the drop down menu. It will either say you have the latest version 5.4.3 or will give you an option to update to the latest version

Method 2:

1. Click [Download Center - Zoom](#)
2. Click button to Download Zoom Client for Meetings
3. Click open on the ZoomInstaller.exe file that should open in the lower left corner of your computer
4. Choose Sign In and login to your Zoom account with your email and password
5. Click your profile icon in the upper right and choose Check for Updates from the drop down menu. It will either say you have the latest version 5.4.3 or will give you an option to update to the latest version

For more information from Zoom on updating, visit [Upgrade / update to the latest version – Zoom Help Center](#).
