NCPP Vision
To support all stakeholders in leveraging and utilizing a cooperative procurement strategy to best serve the public good.

NCPP Mission
Elevate the advocacy, collaboration and education for cooperative procurement so its strategic value is widely recognized and promoted by government and educational leaders.

The National Cooperative Procurement Partners (NCPP) Association is leading the way in elevating the discussion, advocacy and educational content on cooperative procurement. Working collaboratively to bring all the “partners” in procurement together — cooperatives, strategic suppliers, affiliated organizations and public procurement professionals — its goal is to produce meaningful educational tools to support public procurement agencies and become the “go to” resource for cooperative procurement.
