I will work to recruit high-level education and keynote speakers, promote a schedule and fee structure that helps to maximum attendance, and track the progress of conference committees to ensure all area are addressed while planning the conference. I am confident I can work with the NCPTA Board, member volunteers, and administrative personnel to produce a high quality, organized conference that meets the needs of members and the association. In addition, as a Board member, I'd like to investigate other educational opportunities that can be provided to members beyond the fall conference to further the mission of NCPTA.

Thank you for your interest.
