EXAM BLUEPRINT

The below table provides an overview of the areas (domains) that are most important to be included in the exam and which emphasis is given to each. The domains correspond to knowledge and skills acquired by a learner who has earned the Business of Retail: Operations & Profit. These domains have been identified through a job task analysis and validate the necessary tasks needed for someone to succeed within that job role. The listed domains should not be considered an exhaustive list of the content covered in the curriculum.
