

Headshots

A professional headshot is a must for every HR professional! LinkedIn statistics show members with a photo receive 21 times more profile views and 9 times more connection requests. You may also need a headshot during the course of your employment or in volunteer work.

We make it easy for our conference attendees to get a headshot! Visit the Professional Headshot Booth in the Exhibit Hall to reserve your spot. Come prepared for your photo:

Wear:

- Rich colors and jewel tones are great choices for most women.
- Charcoal grey is great choice or jacket with color or texture for men.

Avoid:

- Short sleeves or sleeveless styles
- Busy or trendy patterns or plaids
- Shiny fabrics — no silk or satin
- Busy jewelry

Standard, professional headshots will be available for donation in the Exhibit Hall. Proceeds will benefit the SHRM Foundation.
