Register Now For N.E.H.E.S. Spring Seminar
March 30, 1971

"Spring is just around the corner" Oh Happy thought!

And with it comes our Annual Spring Seminar, to be held again at the Sheraton-Plaza Hotel in Boston, Mass. on March 30.

Enrollment is now going on, and you are all most strongly urged to attend.

"Hep in our field" is the goal of all N.E.H.E.S. members, so we know you won't want to miss the educational program offered this year.

INSTITUTE ON HOSPITAL MAINTENANCE

$81 Registration Fee.

A Most Successful Seminar:
Were You There?
KNOW DONALD BAIL
(Continued from Page 1)
Mr. Bail is responsible for all maintenance, new construction, renovations and all physical plant activities. Maine Medical Center is a fully accredited, community-oriented teaching hospital of 564 beds serving not only Portland, Maine's largest city, but as a referral center for the entire state and much of Northern New England. In 1968 an eleven story, $9 million dollar wing was opened with a 260-bed capacity.
Mr. Bail and his wife, Josephine, reside in South Portland with their three daughters, Judy, Carolyn and Linda.

POSITION OPENINGS
There are a number of position openings in the New England area. Those interested in obtaining a position in Hospital Engineering should contact:

Monadnock Community Hospital
Old Street Road
Peterborough,
New Hampshire

MESSAGE FROM YOUR PRESIDENT
I would like to take this opportunity via the Newsletter to thank you all for bestowing upon me the honor of being your president for the next fiscal year.
I sincerely hope it will be a productive year for the Society equal to standards set by our past presidents. With your help, I feel that I can meet these standards. I would like to remind all the members of the often quoted adage, "that you can get something out of any endeavor only if you are willing to put some effort into it". Thus, I implore more active participation by you at the two yearly seminars, even if it is only by your attendance. Remember that these seminars are conducted for our mutual need for continuous education in our continuously changing technology. Let us this forthcoming year weigh the old excuse that we are too busy to sacrifice a day or two of our busy hospital schedule against the benefits of keeping abreast with the times. I hope to see you all at our next Seminar this coming Spring.

Gil Nessolini

ATTENTION: ASHE MEMBERS
VOTE for BILL FAGAN, our Newsletter Editor. The Executive Committee has voted unanimously to support Bill in the forthcoming election for Board of Directors for the American Society of Hospital Engineers. He is the only nominee from New England. New England has not had a member on the Board of Directors for many years.

GIL NESSOLINI
President
