You are invited to attend

“Science and Faith Dialogue for Christian Vocation, Discipleship, and Witness”

The 2015 Winter Day Conference of
The Southern California Christians in Science
Local Chapter of the American Scientific Affiliation

9:00 AM – 5 PM on Saturday, February 7th, 2015
Segerstrom Science Center, Perry Lecture Hall, Azusa Pacific University, Azusa, CA

Plenary Talks and Events:

“Reframing Original Sin: A New Frontier in Science and Theology”
Joel Green, Professor and Dean in the School of Theology, Fuller Theological Seminary

“The Lesson of Grace in Teaching”
Francis Su, Professor of Mathematics, Harvey Mudd College

“Science, Scientists, and the Church” A Moderated Panel of Scientists and Pastors
Discuss Science-Faith Dialogue, Discipleship, and the Church

The Southern California Christians in Science local chapter of the American Scientific Affiliation (ASA) invites you to participate in its 3rd annual winter day conference on Saturday, February 7th, 2015. The conference will feature talks by Joel Green of Fuller Seminary, who will speak about the implications of frontier science for understanding Original Sin and Francis Su of Havey Mudd College, who will speak about his The Lesson of Grace in Teaching Haimo Award Lecture before the Mathematical Association of America, as well as a panel discussion about the role of science-faith dialogue in Christian discipleship and church life. The conference will also feature times for fellowship and discussion and contributed talks, posters, panel discussions, and book reviews on a variety of topics related to the conference theme and science and faith dialogue more generally.

Early bird registration is $25 for students and $40 for all others through Wednesday, January 21st. Starting Thursday, January 22nd, online and at the door, registration will be $30 for students and $45 for all others. Students are also eligible for special half-day registrations. Please register via the conference registration page at http://network.asa3.org/event/scal2015. Note that at the door registrations will require a credit card as these will be done via the conference web page as well. All full day registrations include lunch and light refreshments.

Please contact any member of the conference planning committee for more information:
Leslie Wickman (lwickman@apu.edu), Director of the Center for Research in Science, Azusa Pacific University
Stephen Contakes (scontakes@westmont.edu), Assistant Professor of Chemistry, Westmont College

The American Scientific Affiliation (www.asa3.org) was founded in 1941 as an international network of Christians in the sciences. Members of the ASA are united by a belief in orthodox Christianity, as defined by the Apostles’ and Nicene Creeds and a commitment to excellence in science. The ASA is not an advocacy organization. Where there is honest disagreement on an aspect of science, Christian faith, or the relationship between the two, the ASA strives to create a safe environment in which dialogue can flourish and diverse, even contrasting, ideas can be discussed with courtesy and respect.
