# Core Values

- **Founded in 1941**
- **Scientists that explore nature and its laws**
- **Christians that ponder not just how, but *why***
- ***We believe...***

...God is both the creator of our vast universe and the source of our ability to pursue knowledge...also, that honest and open studies of both Scripture and nature are mutually beneficial in developing a full understanding of human identity and our environment.

# Strategic Vision Map

**What is the ASA?** The ASA is a scholarly and professional society. We are an international community and fellowship of Christians engaged in the interface of vital faith-science questions.

## Mission

The mission of the ASA is interpreting, integrating, and communicating the discoveries of science with insights of Scripture and Christian theology.

## Vision

The ASA is a fellowship of Christians in the sciences that supports our members' spiritual, intellectual, and professional formation to serve society, science, and the church.

## Values

Intellectual Humility  
Courageous Curiosity  
Radical Hospitality
