

SPRING

COMMITTEE MEETING

March 21-22, 2023 | Phoenix, AZ

#NFRCMeetings

Bird-friendly glass in the IGDB

Jacob C. Jonsson, LBNL

#NFRCMeetings

Recap of fall meeting presentation

- ▶ American Bird Conservancy is doing great work for education, testing, and rating
- ▶ So far the impact on energy performance very small
- ▶ Updates in the future if anything changes

Openness about IGDB procedures

- ▶ LBNL used to have a rule that no patterns were allowed
- ▶ Exemption now introduced for bird-safe glass
- ▶ Documentation of the variation between technologies I have learnt about so far

Reaction to Fall meeting feedback

- ▶ “LBNL has to do a better job to document what is going on than just an NFRC presentation”
- ▶ The fall presentation was summarized in a pdf and published on LBNL’s window web site.
- ▶ <https://windows.lbl.gov/sites/default/files/Downloads/BirdGlassMeasurementDocumentation1.1.pdf>
