

BULLETIN

Technical Bulletin 2025-03

Publication of Revised ANSI/NFRC 100 and ANSI/NFRC 200

This bulletin is a notification of publication and implementation of the following NFRC documents:

- [ANSI/NFRC 100-2023\[E0A3\]: Procedure for Determining Fenestration Product U-factors](#)
- [ANSI/NFRC 200-2023\[E0A4\]: Procedure for Determining Fenestration Product Solar Heat Gain Coefficient and Visible Transmittance at Normal Incidence](#)

NFRC members may download the documents via the links above (members must be logged into the NFRC community website) or they can be found on the [Technical Documents page](#). Non-NFRC members may access the documents through the NFRC online store following the links in the second column. **Details on the changes incorporated into these versions of the documents are outlined in the provided REDLINE versions.**

For more information on these documents, or the NFRC Standards Committee, please contact [Jen Padgett](#), Program Administrator.

[National Fenestration Rating Council](#)

NFRC envisions a future where every window, door, and skylight purchase decision is made using the NFRC label to evaluate energy performance.
