

Treasurer's Annual Report  
Barbara Chamberlain, PhD, RN

Since January, 2019 the combined statements of the New Jersey State Nurses Association (NJSNA) and the Institution for Nursing (IFN) have been reviewed at the board meetings and during Finance Committee meetings. The volatility of the market has had both positive and negative impacts on our investments.

The Finance Committee met twice via conference calls and once face-to-face to discuss a variety of issues/topics including fundraising ideas, approval of the budget, and revision of the Socially Responsible Investment policy while maintaining the current weights of our investments. If anyone has a need to see these documents, please make an appointment with Judy Schmidt and me through Jennifer Chanti. We also voted to support the upgrade of the computer system.

I would like to thank the Finance Committee members for their dedication and support of NJSNA and the IFN: Kate Gillespie, President; Mary Ellen Levine, President-Elect NJSNA and IFN chair; June Brandes-Chu, Secretary; Tara Haegle and Linda Gural, members, and Judith Schmidt NJSNA CEO.
