

New Mexico Psychological Association

Early Career Discussion Panel

Who: Graduate students, Interns, Fellows, Early Career Psychologists, NMPA Mentors & Potential Mentors!

When: Friday, February 7 from 6:30-8:30 pm

Where: The home of Dr. Ken Gilman, 210 Sandia View Rd NW, Albuquerque, NM 87107

Are you wondering about life on internship/fellowship or after fellowship ends? Are you starting your career and have questions? Would you like to connect with NM psychologists? A panel of early career and seasoned psychologists are available to answer your questions about how they survived and thrived in this field! The panel is available to discuss their experiences overcoming obstacles at different stages of training, life after graduation, beginning and building a successful career, balancing role obligations, and to share the tips and tricks they have used to tackle difficult times. Meet peers and network in a beautiful, relaxed setting. Of course, there will be food!

Children are welcome to accompany parents as this setting will be informal. RSVP will help ensure we have enough food (taranoecker15@gmail.com) but it is not necessary.
