Amy Dettmering is 26 years old, and a long time resident of Peotone IL. In February 2015 Amy had surgery to remove a reactive Lymph Node in her neck, which turned out to be a rare Nodular Lymphocyte Predominant Hodgkin's Lymphoma cancer. Upon further testing the cancer cells were also found in her chest cavity. Amy has started chemotherapy in hopes to shrink the cancer cells. The wonderful staff at Riverside Hospital in Kankakee, with the assistance of Rush Hospital in Chicago, is optimistic that Amy can beat this disease. Amy has a vibrant personality that strives on always working hard and achieving her goals in life. In lieu of all the challenges Amy has endured, and now being diagnosed with cancer, she refuses to let it get her down. Amy's family and friends are putting this benefit together to help Amy with current and future medical expenses that are not covered through her health insurance, along with her everyday financial burdens. Donations can be made to the **Amy Dettmering Staying Strong Benefit** at Centruie Bank in Manteno IL. **Account # 5100542179.**
