

Organization or Foundation	Fellowship Opportunities	Website	Citizenship	Other Details
A-T Children's Project	A-T Postdoctoral Fellowship Award	www.atp.org	No citizenship requirements	Basic and translational research grants related to ataxia/telencegaly. Postdocs with one year experience or less post degree are eligible and must be nominated by their principal investigator.
AAUW International Fellowship	International fellowships for women around the world	www.aaup.org	Non-US citizens	Awarded for full-time study or research to women who are not U.S. citizens or permanent residents.
American Association for Cancer Research	Variety of fellowships & grants	www.aacr.org	Citizenship requirements vary	Fellowships for basic research, clinical research, cancer epidemiology and translational research.
American Cancer Society	Postdoctoral Fellowships in Mathematical Biology	www.cancer.org	US Citizen, permanent residents	Support the training of researchers who have received a doctoral degree to provide initial funding leading to an independent career in cancer research (including basic, preclinical, clinical, cancer control, psychosocial, behavioral, epidemiology, health services and public policy research).
American Diabetes Association	Postdoctoral Fellowships (PDF), Minority Postdoctoral Fellowships (PMF)	www.diabetes.org	Authorized to work in the US or its possessions	Fellowships for postdocs with less than 3 years experience
American Epilepsy Society	Postdoctoral Research Fellowship, Clinical Fellowship	www.aesnet.org	No citizenship requirements	M.D., Ph.D., Sc.D., PharmD, RN, or equivalent; research must be conducted in the U.S.
American Foundation for AIDS Research	Melville Kim Fellowships in Basic Biomedical Research for postdocs	www.afar.org	Citizenship not specified	Applicants must have a research or clinical doctorate and no more than four years of postdoctoral training at the time of LOR submission.
American Foundation for Aging Research	Shaw/ARR Postdoctoral Fellowship Program for Translational Research on Aging	www.afar.org/research/shaw	No citizenship requirements	Postdoctoral scholars at all levels of training are eligible.
American Gastroenterology Association	Postdoc grants and others	http://www.gastro.org	US Citizenship not required	Awarded to those that study gastrointestinal health.
American Heart Association	Ark Founders and Affiliate Postdoctoral Fellowships	http://www.heart.org/ahafellow	US citizens, PR, E-3, F-1, H-1B, J-1, O-1, TN	Opportunities for funding are offered through the Ark Heart Research Center and its affiliates. The following programs are available to eligible investigators and institutions across the US. The affiliate programs are limited to eligible investigators and institutions in the respective geographic areas.
American Institute for Cancer Research	Marilyn Dentry Fellowship Program in Neuron and Cancer	http://www.aicr.org/research/	Information not provided	Fellowships with an MD, PhD or DVM who are basic scientists and who have completed at least 2 years of postdoctoral work are eligible to apply.
American Lung Association	Postdoctoral Research Fellowship	http://www.heart.org/ahafellow	Non-US citizens	Awarded to scientists who perform research in the fields of cancer biology and treatment in both the U.S. and Italy.
American Liver Association	Postdoctoral Research Fellowship Award and the Liver Scholar Award	http://www.afla.org/education/awards	Information not provided	Two separate award mechanisms. Fellowship is for 1 year at \$12,500 and can only be awarded within the first two years of postdoc training and only to postdoc with another fellowship award. Scholar award is a career transition award, and provides \$225,000 in salary support over 1 year.
American Lung Association	Senior Research Training Fellowship	http://www.afla.org/education/awards	US citizens, PR, H-1B, J-1, D-1, O-1, TN	Applicant must hold a PhD and must work in an academic or not-for-profit institution. PhD applicants must be in their 1st or 2nd year of postdoctoral training at the time of application. Persons with medical degrees, whose ordinations show that they are on a career track which will include the practice of medicine, must be in their 1st or 2nd year of full-time postdoctoral research.
American Mathematical Society	James G. Thompson Fellowship	http://www.ams.org/education/fellowships	Citizenship not specified	Award is for \$60,000 with \$4,000 provided in addition as a fellowship allowance. A recipient of the fellowship shall have held his or her doctoral degree for at least three years.
American Philosophical Society	James G. Thompson Fellowship	http://www.ams.org/education/fellowships	No citizenship requirements	The fellows are designed for qualified persons who have held an MD or M.D./Ph.D. degree for fewer than eight years; however, preference is usually given to candidates who have no more than two years of postdoctoral training and research.
American Physiological Society	Postdoctoral Awards and Travel Grants	www.physoc.org	No citizenship requirements	Awards and funds up to \$1000
American Psychological Association	Awards, Fellowships, Prizes for Postdoctoral Fellow	www.apa.org	No citizenship requirements	Funding for students and young scientists (postdocs or junior faculty) in psychological topics including applied research, behavioral and cognitive neuroscience, personality, psychology, mental health, developmental genetics, pediatric, motor performance, social psychology.
American Speech-Language Hearing Foundation	Clinical Research Grant, New Century Scholars Research Grant, New Investigators Research Grant	www.asha.org/fellowships	Citizenship not specified	The investigator must have received a PhD or equivalent research doctorate within the discipline of communication sciences and disorders. Investigator must have completed a PhD or equivalent research doctorate within the past five years.
Argonne National Laboratory	Named and Director's Postdoctoral Fellowship Programs, Division Postdoctoral Fellowships	http://www.anl.gov	No citizenship requirements	Argonne offers 3 Postdoctoral Fellowship Programs to outstanding PhD scientists and engineers who are early in their career. 1) Named Fellowships are awarded internationally on an annual basis to early-career doctoral scientists and engineers. 2) Candidates for the Director's Postdoctoral Fellowships are selected based on their research and academic accomplishments, and the strength of their research program. 3) Division Postdoctoral Fellowships are awarded to outstanding scientists and engineers. 4) Candidates should not be older than 35 years when applying, or doctoral degrees completed no longer than 3 years before the deadline date.
Ashton Programme for Advanced Research and Technology (APART)	Postdoctoral fellowships	http://www.apart.org	Non-US citizens	Twenty-five postdoc fellowships funded per year, each grant a total of 100,000 euro for 2 years.
ASA Research Fund	Postdoctoral fellowships	http://www.asa-research.org	Non-US citizens	Fellowships are \$70,000 per year, and are awarded for 2 years.
Barack Obama Presidential Fellowship	Barack Obama Presidential Fellowship (Formerly NARSAD)	http://www.barackobamafellowship.org	No citizenship requirements	The NARSAD Young Investigator Grant provides support for the most promising young scientists conducting neurobiological research and the first 3 years of faculty service. These awards are intended to foster the early career development of researchers who have demonstrated a strong potential for independent research.
Brain and Behavior Research Foundation (Formerly NARSAD)	Barack Obama Presidential Fellowship	http://www.brainandbehavior.org	No citizenship requirements	The NARSAD Young Investigator Grant provides support for the most promising young scientists conducting neurobiological research and the first 3 years of faculty service. These awards are intended to foster the early career development of researchers who have demonstrated a strong potential for independent research.
BrightFocus Foundation	Postdoctoral Fellowship Awards	http://www.brightfocus.org/grants/fellowships	Citizenship not specified	Postdoctoral fellowships are awarded for young researchers in the first stages of their research careers. These awards fund projects in established laboratories that will serve as the basis for the applicants' own independent research.
Brookdale Award	Award reversioned in 2007	http://www.brookdale.org	No citizenship requirements	The foundation advances the fields of genetics and gerontology, and improving the lives of senior citizens.
Burnham Woodhouse Fund	Career Awards at the Scientific Interface	http://www.burnham.org	Open to US and Canadian citizens or permanent residents and US temporary residents	Burnham Career Awards at the Scientific Interface (CAISI) provide \$50,000 over 3 years to bridge advanced postdoctoral training and the first 3 years of faculty service. These awards are intended to foster the early career development of researchers who have demonstrated a strong potential for independent research.
California HIV/AIDS Research Program	Research Training Awards	http://www.cdhpr.ucsf.edu	Citizenship not specified	These awards are intended to support individuals with postdoctoral research projects in HIV/AIDS-related basic biomedical sciences and to foster mentoring activities by established HIV/AIDS researchers. The applicants' mentor must be affiliated with a non-profit research center.
Canadian Institute of Health Research	Fellowship, Starting Postdoctoral Fellowship	www.cihr.ca	Citizenship not specified	Applications come from the Principal Investigator. The Postdoctoral Program in Environmental Chemistry is open to all academic and other not-for-profit organizations in the US. Applications are accepted from Principal Investigators who have well-established research efforts in environmental chemistry. The program is open to all academic and other not-for-profit organizations in the US. Applications are accepted from Principal Investigators who have well-established research efforts in environmental chemistry.
Canadian Institutes of Health Research	CRJ Inviting Postdoctoral Fellowships	http://www.cihr.ca	No citizenship requirements	Fellowships provide support for highly qualified applicants in all areas of health research at the post-PhD degree or post-health professional degree stages to add to their experiences by engaging in health research either in Canada or abroad. Applicant must be a completed PhD or a master's level professional degree, doctorate degree or equivalent, and must have completed at least two years of postdoctoral research in a discipline related to the research area.
Cancer Research Institute	CRJ Inviting Postdoctoral Fellowships	http://www.cri.org	No citizenship restrictions	Applicants for the CRJ Inviting Postdoctoral Fellowship Program must be working in areas directly related to cancer immunology. Applicants must have a doctoral degree and must conduct their proposed research under a sponsor who is a senior research scientist or physician with a strong background in immunology and oncology and have already spent at least one year as a research laboratory in the sponsor's laboratory.
Children's Cancer Research Fund	Pediatric Hematology/Oncology/EMT Fellowships	http://www.ccrf.org	No citizenship restrictions	Research research aimed at understanding the underlying causes of childhood cancer and developing novel therapies. The pediatric hematology/oncology (EMT) fellowships is open to applicants who have made significant research and clinical contributions to the treatment of childhood cancer and genetic disorders.
Children and Cells Foundation of America	Research grants for innovative proposals for investigation of EIC, Crohn's disease, ulcerative colitis	http://www.ccf.org	No citizenship restrictions	Research must be performed in the U.S., proposals are accepted and reviewed year-round.
Civic Filadelfia Foundation	Postdoctoral fellowships	http://www.cff.org	Citizenship requirements vary	Open to U.S. citizens, permanent residents and non-residents working in U.S.-based laboratories.
Damon Runyon Cancer Research Foundation	Damon Runyon Fellowship, Damon Runyon-Sohn Pediatric Cancer Fellowship Award	http://www.damonrunyon.org	No citizenship restrictions	The proposed research must be conducted at a university, hospital or research institution. Candidates who are pursuing a degree or have already accepted a postdoctoral research fellowship award are not eligible. Must have completed MD, PhD, MEdPhD, DSc, EdD or an equivalent. Foreign candidates may apply to their research only in the United States.
Dartmouth Foundation Postdoctoral Fellowship Program in Eating Disorder Research	Postdoctoral Fellowships	http://www.dartmouth.edu	Citizenship not specified	Up to five three-year fellowships ranging from \$43,000 - \$60,000 per year, inclusive of a \$3,000 expense allowance will be awarded to fellows who have completed no more than three years of postdoctoral research training as of the funding start date. The fellow will support postdoctoral fellowships in research/education or research institutions in the United States.
Department of Defense	Postdoctoral fellowships	http://www.defense.gov	Citizenship requirements vary	
Dermatology Foundation	Various fellowships	http://www.dermatologyfoundation.org	Citizenship not specified	Various fellowships available related to dermatology.
DFG, German Research Foundation	Postdoctoral fellowships and others (such as early career)	http://www.dfg.de	Non-US citizens	In 2015, postdoctoral fellowships have increased to a basic monthly sum of 1,750 euros, and a monthly fixed allowance for direct project costs of 250 euros. This allows DFG researchers to conduct a research project outside of Germany.
De Duve Institute, Belgium	Postdoctoral training, Postdoctoral Fellowships	www.deduveinstitute.be	No citizenship restrictions	The De Duve Institute is a multidisciplinary biomedical research institute housing several laboratories of the Faculty of Medicine of UCL, Universitat catholique de Louvain, as well as the Brussels branch of the Ludwig Institute. The De Duve Institute awards 1-year fellowships, which are renewable once and sometimes twice.
Dynastia Medical Research Foundation	Young Investigators or qualified neurologists	http://www.dynastia.org	Citizenship not specified	The DMRF supports research related to the cause, mechanisms, prevention and treatment of all dystonias. Awards are given to young investigators, or qualified neurologists, who are pursuing research in the field of dystonia.
Earth Institute at Columbia University	Earth Institute Postdoctoral Fellowships	http://www.earth.columbia.edu/postdoc/	Invited term J1 visas for non-US citizens	If fellows conduct research in one of the core disciplines represented within the Earth Institute at Columbia University (i.e., social, earth, biological, engineering, and health sciences), Specific areas of research include food security, energy systems, climate change, impacts, resource allocation, disaster, and environmental degradation. ESI Fellows are appointed for 2 years and appointments typically begin September 1st.
Earth and Environmental Science	Fellowships for students and postdocs	http://www.ees.columbia.edu/eees/eees.html	Non-US citizens	Postdoc 2020 is a new EU funding program for research and innovation with a budget of 10 billion euros. Funds research from various fields, enhance third world country participation, and integrate social sciences and humanities.
Educational Commission for Foreign Medical Graduates	Exchange Visitor Sponsorship Program (J-1 Visa)	http://www.ecfmg.org	Citizenship not specified	ECFMG is authorized by the U.S. Department of State to sponsor foreign medical graduates for the J-1 Exchange Visitor visa for the purpose of performing a postdoctoral fellowship in the U.S. programs of graduate medical education or training. ECFMG is responsible for ensuring the Exchange Visitors and their institutions meet the federal requirements for participation in the Exchange Visitor Program.
Eli Charitable Foundation	Israel Lipper Postdoctoral Fellowship Program	http://www.eli.org	Israeli citizenship with PhD/MD qualification from an Israel institution	ECFMG is authorized by the U.S. Department of State to sponsor foreign medical graduates for the J-1 Exchange Visitor visa for the purpose of performing a postdoctoral fellowship in the U.S. programs of graduate medical education or training. ECFMG is responsible for ensuring the Exchange Visitors and their institutions meet the federal requirements for participation in the Exchange Visitor Program.
Empire Foundation	Postdoctoral Research Training Fellowship	http://www.empirefoundation.org	US citizenship not required	ECFMG is authorized by the U.S. Department of State to sponsor foreign medical graduates for the J-1 Exchange Visitor visa for the purpose of performing a postdoctoral fellowship in the U.S. programs of graduate medical education or training. ECFMG is responsible for ensuring the Exchange Visitors and their institutions meet the federal requirements for participation in the Exchange Visitor Program.
European Molecular Biology Organization (EMBO)	EMBO Long-Term Fellowship, EMBO Short-Term Fellowship	http://www.embo.org	US citizenship not specified	The Postdoctoral Research Training Fellowship provides the postdoctoral training of academic physicians and scientists committed to epilepsy research. Applicants will be considered equally from individuals interested in acquiring experience either in basic laboratory research or in the clinical setting of a research institution. The Postdoctoral Research Training Fellowship provides the postdoctoral training of academic physicians and scientists committed to epilepsy research. Applicants will be considered equally from individuals interested in acquiring experience either in basic laboratory research or in the clinical setting of a research institution.
European Organization for Research and Treatment of Cancer (EORTC)	Fellowships to study cancer clinical trials at the EORTC Data Center in Brussels	http://www.eortc.be	Citizenship not specified	Applicants who are already employed in the field of application or require a sponsor only if they have completed their PhD within the last two years prior to the application deadline. Research must be approved in advance by the sponsor institution in order to be considered for an international post-research award in the time of application. All applications must be received by the deadline date. Applications must be received by the deadline date. Applications must be received by the deadline date.
European Science Foundation	Short visit and exchange grants	http://www.esf.org	Citizenship not specified	The EORTC Data Center provides training in the methodology of clinical research to physicians and scientists committed to cancer clinical research, and it is possible to complete a research project and/or PhD thesis based on data available at the EORTC Data Center. An research program involving the methodology of clinical research is essential for the award of a postdoctoral fellowship. The program is open to researchers in the field of cancer clinical research, and it is possible to complete a research project and/or PhD thesis based on data available at the EORTC Data Center.
European Society for Immunodeficiencies (ESID)	Fellowships for ESID junior members	http://www.esid.org	Non-US citizens	Fellowships (short-term and medium-term) awarded for physicians or scientists in training, pursuing a research project in the field of immunodeficiencies.
European Fighting Blindness	Clinical/Research Fellowships	http://www.eufb.org	Citizenship not specified	For clinicians with a demonstrated interest in studying orphan rare eye degenerative diseases, who possess an MD, DSc, or recognized equivalent foreign degree by the time the fellowship starts and will be eligible for satisfactory board certification at the completion of the training program.
FRAXA - Fragile X Research Foundation	FRAXA Fellowship	http://www.fraxa.org	Information not provided	For clinicians with a demonstrated interest in studying orphan rare eye degenerative diseases, who possess an MD, DSc, or recognized equivalent foreign degree by the time the fellowship starts and will be eligible for satisfactory board certification at the completion of the training program.
Fulbright Scholar Program	U.S. Scholar, visiting scholars	www.fulbright.org	Citizenship requirements vary	U.S. Scholar Program: visiting, research and career opportunities in 160 countries for U.S. faculty and professionals. Visiting Scholar Program: for non-U.S. faculty and professionals. Support teaching and research in a wide variety of academic and professional fields.
Graduate Women International	Short-term Fellowships and Grants	http://www.gwi.org	No citizenship requirements	PhD students only (no funding for Masters). Funding available for fellowships for 12 months of work or grants for a maximum of 2 months. Any amount of training is eligible, but study must align with research aims and objectives of GWI. Fellowship is offered for 2nd and subsequent years of PhD program. 1st year must be completed at time of application. Research must include a component of study at a different country to which the applicant normally resides. Check requirements closely for eligible international Fellowships (i.e., not US citizens or resident aliens) must hold a valid visa (J-1, H-1B, F-1 or F-1OPT) for the entire duration of the Fellowship.
Grass Foundation	Grass Fellowships at the Marine Biological Laboratory	http://www.grassfoundation.org	International Fellows must hold a valid visa (J-1, H-1B, F-1 or F-1OPT) for the entire duration of the fellowship.	
Grant Lipper Foundation Fellowship for Israeli Scientists	Postdoctoral Fellowships	http://www.glf.org	Israeli citizens	Fellowships support outstanding young Israeli scientists who have the opportunity to work in a biomedical research laboratory in the United States. Only one fellowship per host institution awarded annually.
Hearing Research Grants (areas vary from year to year)	Emerging Research Grants (areas vary from year to year)	http://www.hearingresearch.org	No citizenship requirements	The applicant is a post-doctoral fellow. It is expected that he or she will be the senior fellow. Further, the applicant must demonstrate in the application that he or she is on a pathway to independence. Specifically, the applicant must indicate how the proposed project will help with his or her transition toward independence from the mentor's research program.
Hebrew Hay Whitney Foundation	Research Fellowships	http://www.whitney.org	Fellowships awarded to US citizens planning to work in laboratories either in the US, Canada, or abroad and also to foreign citizens for research in laboratories in the US only	Candidates who hold, or are in the final stages of obtaining a PhD, MD, or equivalent degree are also seeking highly postdoctoral training in basic biomedical research are eligible to apply. The Foundation accepts applications from candidates who have completed no more than 3 years of postdoctoral research experience at the time of application deadline, and who have received a PhD or DPhil or equivalent degree no more than 2 years before the deadline.
Howard Hughes Medical Institute	Medical Fellowships, Early-career scientist, international programs	http://www.hhi.org	No citizenship requirements	Young Term Fellowships are for applicants with a PhD in a biological discipline to embark on a new project in a different field of the life sciences. Cross-Disciplinary Fellowships are for applicants with a PhD from outside the life sciences (e.g. physics, chemistry, mathematics, engineering, computer science) who have made a significant contribution to their field during their previous research.
Human Frontier Science Program	Cross-Disciplinary Fellowship and Long-Term Fellowship	http://www.hfsp.org	US citizenship not required	American Society for Microbiology Student Fellowship Opportunities for students, postdoctoral fellows, and early and mid-career scientists interested in fellowships for conducting research and participating in activities that encourage professional growth. See notes on http://www.asm.org for more information.
Infectious Diseases Society of America	Students, PhD, Postdoc, funding	http://www.idsociety.org	Variable, depending on the funding category	See notes on http://www.asm.org for more information.
International Agency for Research on Cancer	Postdoctoral Fellowships	http://www.iarc.org	No citizenship requirements	American Society for Microbiology Student Fellowship Opportunities for students, postdoctoral fellows, and early and mid-career scientists interested in fellowships for conducting research and participating in activities that encourage professional growth. See notes on http://www.asm.org for more information.
International Brain Research Organization	Translational and Basic Research Grants, Mentored Trainee Fellowships	http://www.ibro.org	Variable	American Society for Microbiology Student Fellowship Opportunities for students, postdoctoral fellows, and early and mid-career scientists interested in fellowships for conducting research and participating in activities that encourage professional growth. See notes on http://www.asm.org for more information.
International Brain Research Organization	John D. Roberts and Rita-LeMorton Fellowships, Travel Grant (SPN annual meeting)	http://www.ibro.org	Variable	American Society for Microbiology Student Fellowship Opportunities for students, postdoctoral fellows, and early and mid-career scientists interested in fellowships for conducting research and participating in activities that encourage professional growth. See notes on http://www.asm.org for more information.
International Society for Research on Autism	Postdoctoral fellowships award	http://www.isra.org	No citizenship requirements	American Society for Microbiology Student Fellowship Opportunities for students, postdoctoral fellows, and early and mid-career scientists interested in fellowships for conducting research and participating in activities that encourage professional growth. See notes on http://www.asm.org for more information.
Jane Coffey Childs Memorial Fund for Medical Research	Fellowship Awards	http://www.jcmf.org	No citizenship requirements	American Society for Microbiology Student Fellowship Opportunities for students, postdoctoral fellows, and early and mid-career scientists interested in fellowships for conducting research and participating in activities that encourage professional growth. See notes on http://www.asm.org for more information.
Japan Science and Technology Program	Mobile, early investigator awards, (PRESTO) Promoting Individual Research to Nurture the Seeds of Future Innovations	http://www.jstpe.or.jp	Citizenship not specified	American Society for Microbiology Student Fellowship Opportunities for students, postdoctoral fellows, and early and mid-career scientists interested in fellowships for conducting research and participating in activities that encourage professional growth. See notes on http://www.asm.org for more information.
Japan Society for the Promotion of Science	Research Fellowships for Young Scientists (Grant-in-Aid for Young Scientists)	http://www.jsps.go.jp	No citizenship requirements	American Society for Microbiology Student Fellowship Opportunities for students, postdoctoral fellows, and early and mid-career scientists interested in fellowships for conducting research and participating in activities that encourage professional growth. See notes on http://www.asm.org for more information.
Juvenile Diabetes Research Foundation	Postdoctoral Fellowships and Advanced Postdoctoral Fellowship	http://www.jdrf.org	No citizenship requirements	American Society for Microbiology Student Fellowship Opportunities for students, postdoctoral fellows, and early and mid-career scientists interested in fellowships for conducting research and participating in activities that encourage professional growth. See notes on http://www.asm.org for more information.
Karolinska Institute	Postdoctoral Research Fellowships	http://www.ki.se	No citizenship requirements	American Society for Microbiology Student Fellowship Opportunities for students, postdoctoral fellows, and early and mid-career scientists interested in fellowships for conducting research and participating in activities that encourage professional growth. See notes on http://www.asm.org for more information.
Leukemia and Lymphoma Society	Special Fellow and Fellow	http://www.lls.org	No citizenship requirements	American Society for Microbiology Student Fellowship Opportunities for students, postdoctoral fellows, and early and mid-career scientists interested in fellowships for conducting research and participating in activities that encourage professional growth. See notes on http://www.asm.org for more information.
ALS Science Research Foundation	Postdoctoral Fellowship Program	http://www.alscf.org	Non-US citizens must work in a US laboratory to be eligible for an LSRF fellowship.	American Society for Microbiology Student Fellowship Opportunities for students, postdoctoral fellows, and early and mid-career scientists interested in fellowships for conducting research and participating in activities that encourage professional growth. See notes on http://www.asm.org for more information.
Los Alamos National Laboratory	Postdoctoral Research Associate, Postdoctoral Fellowships, Distinguished Fellowship	http://www.lanl.gov	No citizenship requirements	American Society for Microbiology Student Fellowship Opportunities for students, postdoctoral fellows, and early and mid-career scientists interested in fellowships for conducting research and participating in activities that encourage professional growth. See notes on http://www.asm.org for more information.
Lymphoma Research Foundation	Postdoctoral Fellowships	http://www.lymphoma.org	US citizenship not required	American Society for Microbiology Student Fellowship Opportunities for students, postdoctoral fellows, and early and mid-career scientists interested in fellowships for conducting research and participating in activities that encourage professional growth. See notes on http://www.asm.org for more information.
Marine Ecosystem Foundation	Research training grants	http://www.marineecosystem.org	Citizenship not specified	American Society for Microbiology Student Fellowship Opportunities for students, postdoctoral fellows, and early and mid-career scientists interested in fellowships for conducting research and participating in activities that encourage professional growth. See notes on http://www.asm.org for more information.
Max Kaatz Fellowship	Grants to educational institutions toward support of postdoctoral research exchange programs	http://www.maxkaatz.org	Citizenship not specified	American Society for Microbiology Student Fellowship Opportunities for students, postdoctoral fellows, and early and mid-career scientists interested in fellowships for conducting research and participating in activities that encourage professional growth. See notes on http://www.asm.org for more information.
Muscular Dystrophy Association	Development grant	http://www.mda.org	Citizenship not specified	American Society for Microbiology Student Fellowship Opportunities for students, postdoctoral fellows, and early and mid-career scientists interested in fellowships for conducting research and participating in activities that encourage professional growth. See notes on http://www.asm.org for more information.
Myofibrils Grant Foundation of America	Various fellowships	http://www.myofibrils.org	No citizenship restrictions	American Society for Microbiology Student Fellowship Opportunities for students, postdoctoral fellows, and early and mid-career scientists interested in fellowships for conducting research and participating in activities that encourage professional growth. See notes on http://www.asm.org for more information.
National Aeronautics and Space Administration	Postdoctoral Fellowships and others	http://www.nasa.gov	No citizenship restrictions	American Society for Microbiology Student Fellowship Opportunities for students, postdoctoral fellows, and early and mid-career scientists interested in fellowships for conducting research and participating in activities that encourage professional growth. See notes on http://www.asm.org for more information.
National Hematology Foundation	JoAnn Graham Post-Doctoral Research Fellowship, NIH/Novo Nordisk Career Development Award	http://www.nhf.org	US Citizenship not required	American Society for Microbiology Student Fellowship Opportunities for students, postdoctoral fellows, and early and mid-career scientists interested in fellowships for conducting research and participating in activities that encourage professional growth. See notes on http://www.asm.org for more information.
NHL Fogarty International Career Postdoctoral Research Funding Opportunities	Directory of postdoctoral Non-NIH funding opportunities	http://www.fogarty.nih.gov	Requirements vary based on funding opportunity.	American Society for Microbiology Student Fellowship Opportunities for students, postdoctoral fellows, and early and mid-career scientists interested in fellowships for conducting research and participating in activities that encourage professional growth. See notes on http://www.asm.org for more information.
National Kidney Foundation	Grants for junior faculty	http://www.kidney.org	No citizenship restrictions	American Society for Microbiology Student Fellowship Opportunities for students, postdoctoral fellows, and early and mid-career scientists interested in fellowships for conducting research and participating in activities that encourage professional growth. See notes on http://www.asm.org for more information.
National Institutes of Health (NIH)	Pathway to Independence Award (K99/R01)	http://www.nih.gov	No citizenship requirements	American Society for Microbiology Student Fellowship Opportunities for students, postdoctoral fellows, and early and mid-career scientists interested in fellowships for conducting research and participating in activities that encourage professional growth. See notes on http://www.asm.org for more information.
National Institutes of Health (NIH)	Postdoctoral Fellowships in Mathematical Biology	http://www.nih.gov	No citizenship requirements	American Society for Microbiology Student Fellowship Opportunities for students, postdoctoral fellows, and early and mid-career scientists interested in fellowships for conducting research and participating in activities that encourage professional growth. See notes on http://www.asm.org for more information.

National Multiple Sclerosis Society	Postdoctoral Fellowship	http://www.nationalmssociety.org/For-Professionals/Researchers/Society-Funding/Training-Grants-and-Fellowships/Postdoctoral-Fellowships	US Citizenship not required	The Society supports the training of postdoctoral fellows in studies related to MS when it appears that the trainee will perform meaningful and independent research relevant to MS in the future. The Society supports fundamental as well as applied studies, non-clinical and clinical in nature, scientific projects in selected developmental, care and rehabilitation, and health care with 3-36 months of research. Postdoctoral support may also be provided.
National Research Foundation (South Africa)	Multiple opportunities, check website for more information	http://www.nrf.co.za/our-services/	Various, South African and abroad	Numerous funding opportunities available, for different stages and at different locations (national and abroad). Check website for further information.
National Science Foundation	Postdoctoral Research Fellowships	www.nsf.gov	US citizen, permanent resident	NSF Fellows are expected to contribute significantly to research, teaching, and industrial applications in science, mathematics, and engineering.
Netherlands Organisation for Scientific Research - Rubicon Program	Innovational Research Incentives Scheme Veni	http://www.nwo.nl/en/innovatieopbouw/funding/venisubsidiemodule	No citizenship requirements	For funding in the Netherlands, international applicants can apply. Applicants must have completed their PhD within the last 3 years.
Oak Ridge National Laboratory	Distinguished Fellowship; Lab-Wide Fellowship; Discipline-Specific Fellowship; Postdoctoral Research Associate	http://www.ornl.gov/ornl/careers/positions	All applicants must be legally authorized to work in the US	ORNL provides postdoctoral fellowships at the interface between mathematics and biological science. Postdoctoral fellowships are for 2 years, ensuring satisfactory progress toward research goals in year 1.
Osipowiczka Impedance Foundation	Michael Geisman Fellowship	http://www.osif.org/About/AboutGeismanFellowship	Information not provided	A qualified applicant must hold an MD, DDS, DC, or PhD, and be appointed at the level of a post-doctoral trainee, or equivalent, within an academic institution. An applicant should have completed their Ph.D. or their clinical training within the past five years.
Pacific Northwest National Laboratory	Linus Pauling Distinguished Postdoctoral Fellowship Program; William Wiley Postdoctoral Fellowship; Visiting Scientist	http://www.pnl.gov/employment	All staff at the Pacific Northwest National Laboratory must be able to demonstrate the legal right to work in the US.	Postdoctoral awards provide up to \$50,000 per year, which can be used for salary, fringe benefits, and supplies.
Paralyzed Veterans of America	Postdoctoral Fellowship	http://www.pva.org/naic/affRON.LLDFB.6305479.CF2A/Paralyzed_Veterans_of_America_Research_Foundation.htm	Eligible grantee institutions must be located in the US or Canada. However, investigators and fellows are not required to be US or Canadian citizens.	Postdocs are eligible to apply for fellowship support within 4 years of receiving the PhD.
Peabody's Diseases Foundation	Postdoctoral Fellowships for Basic Scientists; Several others as well	http://www.peabody.org/award_funding_fellow	No citizenship requirements	The applicant must be within five years of receiving his or her Ph.D. at the time award starts (Monday, June 1), and must identify an individual who will serve as his or her mentor and supervisor of the research.
New Latin American Fellows Program in the Biomedical Sciences	New Latin American Fellows Program for postdoctoral studies in the U.S.	http://www.nlaforum.org	Citizenship not specified - provides postdoctoral opportunities in the US for young scientists from Latin America	Priority is given to researchers who were awarded their PhD no longer than 3 years at time of application. Preference given to applicants who received degrees from institutions within Latin America (although exceptions). Applicants may not have had previous postdoctoral experience in the U.S. to be eligible. The criteria are as follows.
Polycystic Kidney Disease Foundation	Postdoctoral Research Fellowships	http://www.pkdfund.org/research/fellowships	Citizenship not specified	The fellowships recognize early career scientists whose achievements and potential identify them as rising stars - the next generation of scientific leaders in PKD research. Each fellow receives \$50,000 a year for two years, totaling a half-million dollars.
Prevent Cancer Foundation	Postdoctoral Fellowships	http://www.preventcancer.org/What-we-do/research/postdoctoral-information/	US Citizenship not required	Researcher must be employed by a non-profit institution and will not be considered. Fellowship proposals will not be considered in the following categories: Basic, direct, translational and population-based research projects - Education programs in
