NPWH STUDENT AMBASSADOR PROGRAM

2024

27TH ANNUAL NPWH WOMEN’S HEALTHCARE CONFERENCE
SEPT. 25 - 28, 2024 CHICAGO, IL
The National Association of Nurse Practitioners in Women's Health (NPWH) Student Ambassador Program was created to build a national community of women's health nurse practitioner students and to provide those students the opportunity to connect with and learn from expert women's health nurse practitioners and advanced practice providers at our annual national conference.

Student ambassadors must be enrolled in an accredited women's health nurse practitioner/women's health gender related nurse practitioner program in the U.S. By serving as a NPWH Student Ambassador, you will have the extraordinary opportunity to facilitate personal and professional growth through a mentorship relationship that will exchange educational, scholarship and professional knowledge and experiences.

The mentorship experience should be uplifting, engaging and rewarding for both the mentor and the mentee. The mentor-mentee relationship is a unique opportunity for self-discovery and to foster professional development.

AMBASSADOR GUIDELINES

To provide a meaningful experience for both our participating mentors and mentees, please ensure that you are able to comply with the following program requirements in order to apply to become a student ambassador.
