To Whom It May Concern:

I am writing to submit my candidacy for Treasurer of NPWH. I have proudly served on the NPWH Board of Directors (BOD) for the past two and a half years and would be honored to continue to promote and support the NPWH membership through this officer position.

NPWH is transforming as an organization, affirming its place as the premiere women's health organization, and committing itself to equitable care during a turbulent time in our country. I am extremely proud of the work we have accomplished so far during my time as a BOD member and know that I have more to give serving this organization through leadership. As Co-Chair of the Inclusivity, Diversity and Equity Committee, we have been working towards implementing and sustaining an IDE perspective throughout all NPWH activities and throughout WHNP clinical practice. At our 2022 Annual Conference, as Co-Chair of the Student Leadership Committee, we officially launched a redesign of the NPWH Student Ambassador Program. It has been exceptionally rewarding to work with future WHNPs and I am thrilled to continue this work in San Diego later this year. In addition to the above work, I currently serve as a representative for NPWH on the Women's Preventive Services Initiative (WPSI) run by ACOG to provide crucial WHNP input to this task force.

The position of treasurer is one of great responsibility. The treasurer is charged with monitoring the financial health of the organization and accurately reporting this information to the general membership. As Clinical Director of OBGYN in a community health center, I am acutely attuned to the impact finances can have on the health of an organization. I am well-versed on creating, adjusting and monitoring budgets depending on current affairs. During the initial days of the Covid-19 pandemic, I had to quickly work to adjust our operating budget to reflect a change in supplies, staffing and patient volume. Revisions were necessary as the scope of the pandemic became clear and we moved into a new era of post-pandemic patient care. I am highly confident that my current role has adequately prepared me to be a successful treasurer for NPWH.

I am qualified, experienced, and ready to serve as Treasurer for NPWH. My work on the BOD has demonstrated commitment to the organization and I am excited to take on a potential new role. I bring a unique lens to this position as a full-time clinician working and serving the community. I look forward to hearing from you and thank you so much for your consideration.

Sincerely,

Danielle Grimm, MPH, MSN, CNP, WHNP-BC
