Phone: (718) 793-6300 • Fax: (516) 677-5374 Website: www.nycmpc.org

Operator Qualification Terms and Conditions:

This course is an enhanced gas safety certification and persons seeking to acquire it must possess the minimum following experience:

- An applicant for a gas qualification shall have experience in the performance of gas work in the direct employ of and under the direct and continuing supervision of a master plumber licensed in accordance with the provisions of 28-408; or in the case of a city agency, a supervising licensed master plumber; or shall have satisfactorily completed a New York State-recognized program. For the purposes of this section, “gas work” shall mean the fabrication, assembly, installation, removal, repair, modification, testing or maintenance of fuel gas piping systems to be utilized within buildings at any pressure. The MPC recommends 1-2 years of hands-on experience working with interior gas piping installations and repairs.
- The licensee should be the person submitting the application and should make sure in advance that they have a clear understanding of the process and that the information they are providing is accurate. As a LMP you are aware that all persons in your employ are under your direct and continuing supervision and you are responsible for their actions. The system is set up so that you will be prompted to review and affirm the information you have selected is accurate. Based on that, all applications are final and not refundable. However, if you realize 3 weeks ahead of the scheduled class that you will not be able to make the class you will be permitted to switch classes. There will be a \$300 processing fee to change the date.

NOTE: The MPC reserves the right to cancel classes for any reason at any time. In the event the MPC cancels a class a full refund will be provided. The MPC will attempt to notify all attendees as soon as possible if a class must be cancelled. The MPC has no additional liabilities other than to provide a refund. The MPC reserves the right to change venues at any time. If a change is made to a scheduled calls all participants shall be notified at least one week in advance.

- No substitutions.
- Taking this course is not a guarantee that the applicant will achieve Operator Qualification status.
- Anyone seeking to achieve Operator Qualification status will be required to join the Plumbing Foundation Operator Qualification group, pass an entry drug exam, three part written test, a practical test and be actively employed.
