
Guidelines for Authors

Manuscripts

Each manuscript should be formatted for 8½ by 11-inch paper, with 1-inch margins on all sides, using Microsoft Word for PC, Times-Roman style and 12 point font. All copy must be double-spaced except direct quotations of three or more lines, which are to be single-spaced and indented. Style should conform to the American Psychological Association's (APA) *Style Manuals* (either 5th or 6th Editions). Manuscripts can be up to 25 pages in length, including references. Pages must be numbered consecutively with a running head.

Organization

Provide an abstract, short introduction, body, and short conclusion to your manuscript. Research articles should use the standard format:

Introduction/Review of Literature (can be integrated within the Introduction), Methods, Results, and discussion-Conclusions. Authors should provide subheads and tertiary heads throughout the manuscript for easy readability and organization. The author's name or related information should not appear on any manuscript pages.

Cover Sheet

On a cover sheet, please provide the following: •Title of manuscript.

- The name, position, mailing address, telephone number, and email address for all authors.
- Short biography of about 30–35 words that states the present professional position, area(s) of specialization, and research interests **for all authors.**
- Date of submission.

The cover sheet will not be included when sent to reviewers as manuscripts are blind reviewed.

References

All articles should contain references. For writing text citations, follow APA style. Note that references should now include a DOI notation (if using the 6th Edition). Reference section listings should be recent, brief, and presented in alphabetical order. Each reference cited in the article must be listed, and only those cited should be included. Sources should be documented in the body copy by inserting the surname of the author(s) and the date of the published work inside parentheses directly following the reference.

Illustrations and Photos

Future Focus welcomes any photographs, tables, charts, diagrams, and art as illustrations for your manuscript. Each graphic should be numbered and referenced in the manuscript. Extensive statistical information should be reported in tables, but data included in the tables should not be duplicated in the text. Captions and sources for data presented in the graphic should be included in the manuscript. Photographs may be black and white or color, and should be **hi-res digital photos in jpeg format** (300 dpi or, 1800 x 1200 pixels are preferred). Photos embedded within the text of the manuscript must also be supplied as separate files.

Permissions

Authors are responsible for obtaining written permission and copyright release, if necessary, for quoted materials, cartoons, and other illustrations used. Persons in photographs must give permission to have their photo published. Copies of permission requests and authorizations should accompany the manuscript. When authors quote extensively from other works, they must send photocopies of the original work's title

page, copyright page, and pages on which the quotation appears.

Reviewing and Editing

Each article is reviewed by the editor and submitted for blind review to three or more Editorial Board members. Articles usually require some revisions by the author(s). Authors for articles not accepted may be invited to revise and resubmit. Accepted articles are subject to editorial changes to: improve clarity, conform to style, correct spelling and grammar, and fit the space allotted to the article. **Manuscript submission implies author acceptance of this agreement.**
