COVID-19 Reopening

Things to Consider

Have a Plan

- Write it down
- Enlist input from coworkers
- Be aware of rules, guidelines, and ordinances that apply to your practice environment

Develop a Written Policy

- It should be clear, concise, and reasonable
- Only include policy items you are able to implement
- Post your policy where it can be seen by staff members
- Post a layperson version where it can be seen by clients (i.e., website, doors, walls)

Protect Yourself, Your Staff, Your Clients, and Visitors

- Following your policy may ensure your safety and the safety of staff, clients, and visitors
- Avoid unnecessary and unwanted violations of rules or guidelines
- Be prepared to update or revise your policy as necessary based on changing guidelines
- Document your compliance activity
