

Welcome to the Ohio Psychological Association

Psychology in the global era, embracing career development

As a new member of the **Ohio Psychological Association** and a recently licensed psychologist, chances are you haven't thought about how incurring a disabling illness or injury could impact all you've worked so hard to achieve.

Fortunately, through an arrangement with Principal Life Insurance Company, you can purchase an **Individual Disability Income (DI)** insurance policy at a **10% discount**¹.

In the event you become too sick or hurt to work, your policy provides monthly benefit to help pay for everyday living expenses and help you maintain your standard of living. Your income is the foundation of your overall financial plan, make sure it's protected today.

Highlights of this offer

- **Non-cancelable coverage** and **guaranteed premium rates** to age 65 (except for non-payment of premium).
- **10% premium discount**¹ for Ohio Psychological Association members.
- With the **Your Occupation Policy**, you're protected if you are unable to work in your occupation(s) – the one you are actively working in at the time of disability.
- No-cost **Benefit Update rider** on the policy keeps your coverage up-to-date, without requiring proof of medical insurability
