Created FOR grant seekers BY grant seekers!
To our beloved members,

It has been quite a year, and I envision that we will not be slowing down anytime soon! Since January, we have been witness to a number of crises. Whether it is the pandemic, the important conversations and actions around racial equity or the fragility of our economy, nonprofits in Oklahoma have stepped up and shown up in a big way. **We never closed.** What was “business as usual” is now “business as modified” – and we mean business.

Even with all of the curveballs and crises thrown at our sector, **our members have answered the call** with harder work, more grit and doing even greater good. The Oklahoma Center for Nonprofits also answered your calls. We collaborated together – with a newfound sense of partnership and belonging – as never before. When you needed counsel, we were there with the information you requested. When we needed expertise on various topics, you were there as our thought leaders. **This partnership has never been more solid.** I count all of you as friends. We have developed a chain link strategy to hold us together. We need each other more than ever.

Our organization now acts as a hub for thousands of different spokes. Your missions are those spokes. Because of you, those who lost their jobs during the pandemic found hope and resources. You prevented hunger. You prevented homelessness. You delivered care. You expressed the most important virtue: love. Harnessing this energy together, we will emerge better, smarter and far more resilient than ever before.

So, thank you. Thank you for your membership. Thank you for your engagement. Thank you for your work. Thank you for your leadership. Thank you for your expertise. And, most importantly, thank you for continuing to do good for as long as ever you can.

**We are nonprofits. We are excellence.**

With gratitude,

Marnie Taylor
President and CEO
2010-Present

“Shared Services saved my professional sanity! We had been using a CPA for years that wasn’t able to provide the reporting required for grant applications and funding requests. Our Financial Statements were confusing and almost impossible to read, even for our Board Members that had backgrounds in Finance. The staff at Shared Services worked with me to rebuild our whole financial structure and now we are growing like never before.”
CAUTION:

Is your nonprofit organization prepared for 2021 SUI costs?

The COVID-19 pandemic has resulted in the filing of more than 40 million unemployment claims across the country. As nonprofits begin to re-open or shift operations to safely accomplish their missions, organizations should evaluate the impact of these claims to their 2021 budget and beyond.

Nonprofits across Oklahoma saw their state unemployment insurance (SUI) tax costs drastically increase during the most recent economic recovery. Below is the average SUI tax cost per employee before and years after the Great Recession:

<table>
<thead>
<tr>
<th>Year</th>
<th>Cost</th>
</tr>
</thead>
<tbody>
<tr>
<td>2007</td>
<td>$244</td>
</tr>
<tr>
<td>2011</td>
<td>$397</td>
</tr>
<tr>
<td>2013</td>
<td>$446</td>
</tr>
</tbody>
</table>

More than 2,100 organizations across the country rely on First Nonprofit (FNP) to reduce their SUI costs, manage and safeguard their budget from unanticipated unemployment insurance expenses.

Contact Beth Quynh today to request an evaluation on your organization’s SUI costs and learn more about FNP’s unemployment programs and benefits, including:

- Fixed annual cost
- Budgetary certainty
- Insurance protection
- Professional claims management and cost audits
- Posting of collateral (surety bonds) with state unemployment agencies

Advocacy is one of our programmatic pillars at the Oklahoma Center for Nonprofits. We help give a voice to the charitable sector through education, networking and lobbying. Our four “L’s” of advocacy help us connect and engage with our members to create a singular voice for the sector. We are nonprofits and we are a force!

LEARNING

We help nonprofits learn about educating the public, advocating for policy positions and lobbying for or against legislation that has an effect on your mission or the people you serve.

LISTENING

We listen to our nonprofits. We want to hear about your efforts. We need to know your concerns. Share your triumphs. We do this through surveying, listening sessions and hearing your stories. Only then can we truly understand the complex state of our Oklahoma nonprofit sector.

LAUNCHING

Our job is to help you launch higher and faster in your advocacy efforts. We will support you in your advocacy efforts and we will give you opportunities for networking to enhance your work in public policy.

LOBBYING

The Oklahoma Center for Nonprofits will also step up to lobby for our sector on charitable giving incentive preservation, fair taxation and advocacy rights for charities at the state and federal levels.

ADVOCACY IS POWER!
