June 24–27, 2018

The Peabody Memphis
Memphis, TN

2018 Oley Conference
Support • Information • Hope

Sponsored by

Coram®
CVS specialty infusion services

Conference Program
Welcome!

On behalf of the Board of Trustees of the Oley Foundation, we welcome you to our 33rd Annual Consumer/Clinician Conference. Perhaps it should be labeled as a consumer/caregiver/clinician conference, as there are many opportunities for caregivers to learn and share as well. As usual, the conference provides the unique opportunity for consumers (and caregivers) to mix with clinicians who are engaged in providing care and conducting research on our behalf. We encourage you to attend the general sessions, those breakout sessions that interest you, and the social gatherings. Please take advantage of the many opportunities to learn, to ask questions, to share, to catch up with friends, and to make new friends. Be sure to visit the exhibit hall where you can find representatives of the various vendors whose products you may use. Please join us and bring your wisdom and experience to close the conference at the Breakfast and Brainstorming Session Wednesday morning after the Annual Walkathon.

If this is your first Oley Foundation conference, don’t worry, and don’t be shy. Oley staff, volunteers, and conference veterans will be happy to help. We will welcome those attending their first Oley conference at the First-Time Conference Attendee Orientation Sunday evening at 6:00 p.m. in the Skyway.

Welcome to Memphis! Enjoy the conference.

Bob and Mary Smithers
Co-Presidents
The Oley Foundation Board of Trustees

We strongly advise that you discuss with your physician any medical information received from the Oley Foundation through conference presentations, informal discussions, the newsletter, etc.—before you make any changes in your health care.

We do our best to offer a selection of foods that we hope will meet your dietary issues. Menus for the Oley conference functions are posted at www.oley.org so you can plan ahead for your needs.

Smile! You’re on Camera!

Oley will be taking photos and videotaping in the conference sessions and events. In addition, the main sessions will be streamed live. These images may be used online or in promotional materials without further agreement. If you do not want to be photographed at the conference, please make your wishes known at the Oley registration desk; alternatively you can e-mail your name and an image (so we can identify you) to Lisa Metzger at metzgel@amc.edu. We can’t guarantee that your image won’t appear in group shots or on the video filmed at the conference, but we will do our best not to publish close-up photos of you. Further, if you are in a session that is being videotaped or streamed, please consider how much personal information you want to share.

Mary and Bob at the 2014 Oley Conference
General Information

Registration and Conference Information
Information about all aspects of the conference is available at the registration desk. The desk will be staffed Sunday noon to 5:00 p.m., Monday 8:00 a.m. to 5:00 p.m., and Tuesday 8:00 a.m. to 4:30 p.m. All conference activities will be held at the Peabody. Maps of the meeting rooms are on the back cover of this program.

Medical Support/Emergency Services
For an emergency: Contact your primary care physician (if time allows) to discuss the proper treatment plan prior to going to a hospital. If time does not allow, call 911. The following hospitals have been alerted as to the increased potential for a GI or HPEN incident, and are prepared to meet your needs:

- **Adults**
  - Methodist University Hospital
  - 1265 Union Avenue
  - Memphis, TN 38104
  - (901) 516-7000

- **Children**
  - Le Bonheur Children’s Hospital
  - 50 North Dunlap
  - Memphis, TN 38103
  - (901) 287-6732

To meet unexpected supply needs: Contact your homecare company first. If your homecare company cannot meet your needs, Coram / CVS Specialty Infusion Services has offered to help troubleshoot issues over the phone (like a pump malfunction), and/or to provide back-up emergency nursing and pharmacy infusion services. You can reach out to the Coram attendees—Karen Hamilton, MS, RD, LDN, CNSC; Cynthia Reddick, RD, CNCS; Elaine Arthur, RD, LD, LDN—or ask an Oley staff member to connect you. You can also call the Memphis Coram branch at (901) 386-3738 (24 hour availability) and identify yourself as an Oley Conference participant. They will need contact information for your physician in order to obtain orders. They can dispense prescribed fluids, additives, and supplies with a physician’s order. They can also help troubleshoot a consumer’s pump, provided it is one with which they are familiar.

Ambassador Workshop/Volunteer Info Session
Planned for “official” Oley volunteer Ambassadors, but open to everyone with an interest in serving Oley via networking, social media, marketing, graphic design, advocacy etc. Meet us in Lansdowne, Sunday at 1 p.m.

First-Time Conference Attendee Orientation
We invite all first timers to the Skyway to learn more about what to expect at this meeting and enjoying networking with Oley staff, Trustees, Ambassadors, and others attending for the first time. This will be a time for you to relax, ask questions, exchange ideas, and discuss experiences in an informal setting.

Welcome Reception/Awards Ceremony
We officially kick off the meeting Sunday at 7:00 p.m. in the Skyway room. We’ll celebrate Oley Annual Awards recipients and nominees, learn more about finding support, and meet friends. Sponsored in part by Shire, the gathering also offers an opportunity for a photo-op! Light refreshments will be served.

Continental Breakfast
Monday and Tuesday mornings at 8:00, attendees are invited to a delicious breakfast. Join us outside the Continental Ballroom.

Kidz Klub—Pre-school and Tween Rooms
Monday & Tuesday, 8:30 a.m.–12:00 p.m., and 2:30–5:00 p.m.
Pre-registration required. Kidz Klub is designed to provide supervised entertainment for kids. We DO NOT provide medical care. We CAN- NOT hook up/disconnect from an infusion or tube feeding, change ostomy bags, administer medication, etc.

Please pay particular attention to the special needs portion of the permission slip. It will be inserted into your child’s name badge holder so this critical information will be with them as they travel to each activity. Children should be picked up promptly at noon and 5:00—even if the educational sessions haven’t ended. Monday Kidz Klub is sponsored by Option Care.

Pre-school Room (Infants to 8 y.o.) Grand Ballroom F
- **Monday a.m.** Kids will enjoy a magician’s performance and balloon art, then off to watch the Duck March!
- **Monday p.m.** We’ll have a fun-filled Luau Party!
- **Tuesday a.m.** Kids will listen to Andrew Best sing and play guitar.
- **Tuesday p.m.** Memphis Public Library comes to read stories to the kids.

Tween Room (9 to 14 y.o.)
- **Monday a.m.** Youth will enjoy a visit to the Memphis Zoo, sponsored by Option Care! Drop off in the lobby by 8:30 a.m. Pick up in the lobby at noon. Kids should dress for the weather and bring drinks, snacks, and sunscreen (labeled).
- **Monday p.m.** Tween Only Breakout Session. Grand Ballroom E. Coordinated by ThriveRx.
- **Tuesday a.m.** Kids enjoy playing video games inside a large mobile gaming truck or outside on the big screen! Meet in Grand Ballroom E.
- **Tuesday p.m.** Family Feud. Continental Ballroom. A must attend for kids and parents, but all are welcome to participate.

Passport to Flying Solo
Ann Weaver, Stephanie Torres, Rose Hoelle, and Emily Parks
Imagine you won a trip to anywhere in the world, but you only have one hour to pack and help get the plane ready for take-off. Use your passport as a guide, uncover important HPEN information to begin building your private jet. Solve all the challenges and you can take off and fly solo! Join us for a fun and educational "Escape the Room" adventure.

- **Tuesday a.m.** Kids enjoy playing video games inside a large mobile gaming truck or outside on the big screen! Meet in Grand Ballroom E.
- **Tuesday p.m.** Family Feud. Continental Ballroom. A must attend for kids and parents, but all are welcome to participate.

Main Sessions—Continental Ballroom
Formal presentations are coordinated to boost your understanding of the therapies that sustain you or your loved one. Don’t miss these world-class speakers. Monday, Sharon Rose will share her story of being on HPN for almost fifty years. We’ll also hear about complications of HPN; the difficulties of staying compliant; and the latest in treating motility disorders.

- **Tuesday, we’ll discuss HPN lipid choices; techniques for coping with chronic illness and therapies; blending table food for tube feeding; and the fascinating possibility of an experienced team sharing HPN management strategies with smaller hospitals and single providers (ECHO project). We’ll also get a peek at the latest HPN research.
Exhibit Hall
Learn about parenteral and enteral products and services, Monday and Tuesday, noon to 2:30 p.m. in the Peabody Grand Ballroom ABC and Foyer. Complimentary lunch will be served both days.
Consumers, family members, and faculty 16+ years of age are encouraged to complete an Exhibit Hall Score Card for a chance to win a $200 gift card! Turn in your completed card at Oley registration by 1:45 p.m. on Tuesday to enter the drawing. Many of the vendors will also have raffle contests to enter. Drawings will be held at approximately 2:00 p.m. on Tuesday in the ballroom; you must be present to win. To keep things fair for all attendees, each family can win only one prize.

Hydration Station
Stop by the Hydration Station Monday and Tuesday, 8:00 a.m. to 9:00 a.m. during breakfast, and noon to 2:30 p.m. in the exhibit area, to sample oral rehydration solutions and learn how they might benefit you. A nurse and dietitian from ThriveRx will be available to answer your questions. The Hydration Station will also be open, self-serve, on Wednesday morning so you can fill up your water bottle for the walkathon. Thank you to ThriveRx for sponsoring the station, and to Trifecta Pharmaceuticals for donating product samples.

Your Choice! Breakout Sessions or Workshop
Sponsored in part by Nestlé Health Science, the Tube Feeding Workshop will be held on Monday from 2:45 to 5:00 p.m. in the Continental Ballroom. See page 3 for a list of topics to be covered.
A second choice is to participate in the breakout sessions, which offer a chance for smaller, group discussion. See pages 3–4 for Monday’s breakout session topics and locations, and pages 5–6 for Tuesday’s. Note: most breakout topics will only be offered once, which is different from years past.

Oley Benefit Silent Auction
The fun begins Monday night at 7:30 p.m. when the bidding opens in the Skyway, located on the roof of the hotel. Drop off donated items at the registration desk before Monday afternoon. Visa, MasterCard and American Express will be accepted, as well as cash and personal checks. The silent auction and raffles are intended to raise funds to offset conference expenses. Conference attendees, including Oley staff and Trustees, conference faculty, and the family members and friends thereof, are encouraged to participate in the silent auction bidding and open raffles. Items will be “sold” to the highest bidder at the closing of the event (9:00 p.m.), or given to the winning ticket holder.
If you would like to help set up for the auction, please let staff know!

Jammin’ Jammies!
Sponsored by Abbott Nutrition, the event begins at 8:00 p.m. Tuesday in the Peabody Grand Ballroom F. The PG movie is The Greatest Showman. Let your child enjoy taking photos with our funny props to make for a memorable evening! Jammies welcome, and parents invited! Signed permission required.

Oley Walkathon
All ages are welcome, and the walk, approximately one mile, will be easy enough for everyone who wants to participate.
First, pick up a pledge sheet at the Oley registration desk Sunday through Tuesday. Second, turn in your completed pledge sheet with donations (suggested minimum donation $20), and pick up your t-shirt and bib, Tuesday 8:00 a.m.–4:30 p.m. or Wednesday 9:00 a.m.–10:00 a.m.
Meet us at the registration desk Wednesday morning, just before 10 a.m., we’ll take a group photo and go for a walk! Bottled water will be available, or bring your own water bottle and fill it with oral rehydration solution available courtesy of the ThriveRx sponsored Hydration Station. (Sample packets of ORS will also be available to bring home.)

Breakfast & Brainstorming
Immediately following the Annual Walkathon, join us in the Continental Ballroom for breakfast and the closing session planned to enhance your understanding of the therapies that sustain you. Answer a nagging doubt or clarify something you heard in a session or read on the web.
We’ve assembled a great group of people with experience to tackle questions on: advocating for yourself or your child; living and thriving over the long haul; vascular access challenges; coping with chronic illness and therapies; skin care/wound care issues; tube feeding issues… and more. Your questions need not be limited to these categories. Bring them all and we’ll brainstorm ideas with others in the room.
Index cards will be available at the Registration/Information Desk. Pick them up and jot down your questions. Drop them off later or bring with you on Wednesday.

Keeping Hydrated
The hot and humid weather in Memphs can leave you susceptible to dehydration. Signs and symptoms include decreased urine output, dark urine, fatigue, and increased thirst. Sip oral rehydration solution (ORS), not water. ORS will be available at the Hydration Station on Monday, Tuesday, and Wednesday (see times above).
If you are feeling lightheaded, contact your physician/homecare company or the Coram/CVS Emergency Medical Support team. You may need IV fluids.
Program

Sunday

12:00 p.m. — 5:00 p.m.
Early Registration/Information
East Mezzanine

1:00 p.m. — 4:00 p.m.
Ambassador Workshop/Volunteer Info Session
Lansdowne, 3rd Floor

Focus Groups/Market Research
The Oley Foundation recruits consumers, caregivers, and occasionally clinicians, to participate in market research. This helps industry create better products, ensures the end-user voice is heard, and provides funding for Oley programs. The research is initiated and funded by industry. Oley’s role is simply to connect industry with the consumers of their products. These events are open by invitation only, on a first-come, first-served basis, for individuals who fit within the research parameters. If you are interested in participating in future groups, it’s essential that you have your current e-mail, telephone number, and medical information (diagnosis, therapy, etc.). Please take a minute to update your Oley membership profile. Stop by the registration desk to learn how to update your profile.

Please don’t leave needles lying around in your hotel room. There will be a sharps container at the registration desk, if you didn’t bring your own. Syringes without needles or blood can be disposed of in a non-see-through bag in the regular trash.
Please join Oley in thanking our exhibitors and sponsors, whose support helps keep the conference free of charge for consumers and their families.

A special thanks to our Corporate Partners whose generosity supports Oley programs all year round. Corporate Partners are indicated with an asterisk (*) next to their company name. A complete list can be found on page 15.

Bid to Become the Lucky Peabody Duckmaster!

In case you haven't noticed, ducks are a big deal at the Peabody. Oley will be auctioning off a chance to lead the famous ducks, as the Honorary Duckmaster.

The winner will have his or her opportunity on Tuesday, June 26 at 5:00 p.m. At this time they will receive a personalized certificate declaring them the Honorary Duckmaster from the Peabody, along with their own duckmaster cane. They will be introduced by the Duckmaster, the certificate will be read, and then they will help to lead the ducks out of the fountain and back to their duck palace. There will be a table reserved for the Honorary Duckmaster and three guests next to the red carpet.
The following companies provide over one-half of the funds needed to support Oley programs all year long. Corporate relationships also strengthen our educational and outreach efforts. For their continued interest and strong commitment we remain grateful.

**TITANIUM LEVEL PARTNER ($150,000+)**
Shire

**GOLD MEDALLION PARTNER ($50,000–$69,999)**
ThriveRx, Inc.

**SILVER CIRCLE PARTNERS ($30,000–$49,999)**

Who’s Who at Oley

Joan Bishop, Executive Director, Conference Coordinator  
bishopj@amc.edu  
Joan handles the multitude of tasks it takes to keep Oley running and growing, including budget planning, building relationships, advocacy efforts, fundraising, board development, coordinating the annual conference, etc. She is dedicated to fulfilling the Foundation’s mission and welcomes your ideas, comments, and criticisms.

Roslyn Dahl, Communications & Development Director  
dahlr@amc.edu  
Roslyn is responsible for raising funds for the Foundation as well as producing Oley publications, and managing the information clearinghouse. Call on her to research your questions or to share ideas for Oley publications (other than the newsletter) or promotions.

Andrea Guidi, Executive Assistant  
andreguidi.oley@gmail.com  
Andrea manages the regional conferences and Oley’s webinar program. She also coordinates the awards program and activities for the children/youth at the annual conference. Be sure to share with her your ideas for topics to cover in a webinar or at a regional meeting.

Cathy Harrington, Administrative Assistant  
harrinc@amc.edu  
Cathy is the centerpiece of Oley efforts, managing the member database, answering most of your calls, and meeting the needs of the Foundation office. She is the glue that holds us together! She has experience in patient care and extensive knowledge of the nutrition support arena.

Lyn Howard, MB, FRCP, Co-Founder  
In the early 1970s Dr. Howard sent her first patient home on nutritional support, and since then she has been published widely in the home parenteral and enteral (HPEN) arena. With Clarence (“Oley”) Oldenburg’s family support, Dr. Howard started the Oley Foundation in 1983. She is an advocate of the consumer voice in the organization and implementation of HPEN. She is now retired, but she continues research pertinent to HPEN. She is currently working on a national committee to update PN micronutrients. She lives on a farm and enjoys many outdoor pursuits.

Philip Kellerman, Program Associate  
philkellerman.oley@gmail.com  
Phil joined Oley in 2017, and has been working on the equipment supply exchange program. His Spanish language skills have come in handy with many callers. Phil brings thirty years of experience with philanthropic work with migrant farmworkers and immigrants. You’ll get to enjoy his outgoing nature at the Silent Auction.

Darlene Kelly, MD, PhD, Science & Medicine Advisor  
Dr. Kelly retired after 22 years as the Medical Director of the Home Parenteral Nutrition program at the Mayo Clinic in Rochester, MN, managing approximately 1200 consumers of HPN. During that time she had also been an Oley Board member and chair of the Research Committee for 11+ years. In addition she has been active in both ASPEN and ESPEN (the American and European professional nutrition organizations). In the latter she was on the Home Artificial Nutrition Specialty Group where she was one of fourteen participants that wrote the HPN Clinical Guidelines over a three year period, which she describes as an excellent, though laborious experience! Since her retirement from Mayo, she has been a member of the Oley staff as Advisor for Science and Medicine.

Lisa Metzger, Editor, LifelineLetter, Director, Community Engagement  
metzgel@amc.edu  
Lisa is the editor of the LifelineLetter. Lisa’s responsibilities at Oley also include advocacy and outreach efforts, and coordinating the Ambassador program. She welcomes your ideas and articles for the newsletter, and input on outreach.

Mary Wootten, Program Associate  
marywootten.oley@gmail.com  
Mary has been a member of Oley since 2012, and an Ambassador since 2014. She joined the staff in 2017. She coordinates the Silent Auction, helped plan the Kidz Klub, and assists with the website, financials and other tasks in the office. Mary is the mother of three children ages 10, 8, and 6. Her oldest, Natalie, has had a G-tube since she was sixteen months old due to dysmotility and feeding issues.

Cathy Harrington, Administrative Assistant  
harrinc@amc.edu  
Cathy is the centerpiece of Oley efforts, managing the member database, answering most of your calls, and meeting the needs of the Foundation office. She is the glue that holds us together! She has experience in patient care and extensive knowledge of the nutrition support arena.

Lyn Howard, MB, FRCP, Co-Founder

Join Us!
If Oley was there for you and your family in a substantial way, please consider becoming a member of the Oley Foundation Horizon Society.
This is our best chance of making sure Oley is there for the next consumer, and the next.
Joan Bishop and Roslyn Dahl can answer your questions this week, or speak to you at any time at (518) 262-5079 or bishopj@amc.edu or dahlr@amc.edu.

Sign up to receive more information near the Oley registration table.

“Oley holds a special place in my heart, and its future security is important to me. It’s an honor and a privilege to be a part of this group that shares my passion.”
— Joan B.
Many thanks to the following individuals and corporate sponsors for their generous support of scholarships for consumer attendees.

**Anonymous**

I am a Registered Dietitian who has worked the past twenty years in nutrition support in the acute care setting. I have yet to attend an Oley meeting and I have seen the concern and fear in patients who just learned that they would be going home with enteral and/or parenteral nutrition. We educate our patients and try to prepare them as much possible prior to discharge but it can be overwhelming. I always tell my patients about the Oley Foundation. I have loved reading stories about how the Oley Foundation meeting has helped home consumers to be fully equipped to manage their nutrition. Because of this, I want to be sure that more consumers have the opportunity to attend the meeting.

**Esther Ann Brown Adler Memorial Scholarship**

“What could be bad about a weekend in Boston?” That’s how I rationalized my late wife Esther Ann's suggestion that we attend something called an Oley Conference. I personally had no desire to spend a summer weekend at a convention talking about ostomy and J-tube products.

Much to my surprise, the convention was a wonderful experience! Many of the seminars and products did not apply to our situation but the camaraderie was overwhelming for Esther Ann and me. Here were people that truly knew what she dealt with on a daily basis. Other than a particularly rough excursion to Provincetown, my strongest memory of our first Oley Conference was a sense of relief that there were thousands of good people handling issues like ours and working on solutions.

Esther Ann and I both were very happy that we had made the decision to attend an Oley Conference and I am happy to support others in our position to do the same.

**Melissa Chaney Memorial Fund**

I am Victor R. Chaney, the husband of Melissa Chaney, an HPN consumer and Oley contributor. Melissa passed away from natural causes on January 30, 2006. For more than nine years, Melissa battled pseudo-obstruction, polymyocitis, and mitochondrial myopathy—transport chain deficiency. Over those years there were many drastic ups-and-downs. In the summer of 2003, Melissa learned of the Oley Foundation’s network of support and outreach. At that time Melissa’s health care management was less than adequate. Her weight was in a downfall—she was 5’1” and she averaged around 75 lbs.

After joining Oley, the change in her health care and overall quality of life was amazing. We credited the education and contacts she acquired at our first annual conference as the turning point in her health. Melissa’s wishes in life were that any memorial donations given after her passing would be directed to Oley. In keeping with those wishes, we established this travel scholarship so that others may have the opportunity she had in attending.

**Bruce F. Groeber Family**

Bruce Groeber was an avid fan and regular attendee of the Oley annual conference. He never missed a conference after attending his first in 1988 until his death in March of 1997. Even though Bruce was on HEN for nine years and on HPN for an additional nine years due to malabsorption, he loved to eat and drink. He also loved boats and the water, computers and talking to people—most of all, though, he loved his family. Bruce and his wife Bobbie have five children. They also have several grandchildren now.

The Bruce F. Groeber family feels it is important to sponsor a travel scholarship to the annual Oley conference because of what the conference has provided our family. The conference provides the opportunity to get together with others who have similar issues and concerns. It provides the opportunity to learn about new ideas and information. People leave the annual Oley conference knowing that they are not alone, feeling empowered and more positive about their life. They are aware of how much more information they have than when they started. The Bruce F. Groeber Travel Scholarship hopes to honor the joy Bruce found in the companionship with other Oley families by supporting others in their efforts to attend the conference.

Jane Lindsay
Coming to my first conference was a health turning point. Being with others who had similar health challenges was so reassuring. The excellence of relevant information, the sincere caring and professionalism of the Oley staff, and the support of consumers comprised the best encouragement. It’s an honor to help bring that to another consumer.

The Oley Foundation
The Oley Foundation is committed to making this life-changing conference as affordable as possible for consumers and their families. To this end, the foundation has underwritten many travel grants, raised funds to keep registration free for consumers and families, and sought sponsors for meals. We hope you return home empowered by improved knowledge, with new friends, and better able to advocate for your healthcare needs.

Christopher Miller
I am providing two Oley Foundation travel grants this year because I believe it is vitally important for anyone who relies on enteral or parenteral nutrition—and those of us who care for them—to have the opportunity to learn, share, and educate within this unique family. Since my daughter’s condition prevented us from attending what would have been our first conference, I wanted to help make it possible for someone else to be there, in a sense, in our place. I look forward to sharing in the work of the Oley Foundation in the future and I wish all of you have a very successful 2018 conference!

Melinda Parker, MS, RD, CNSC
The Oley Foundation can be a lifeline for consumers. My gift of a travel grant is intended to give as many people as possible the opportunity to be a part of this important meeting.

Make a Difference, Support Nutrition Research
The ASPEN Rhoads Research Foundation funds innovative and creative scientific research, driving discovery in nutrition therapy and inspiring the next generation!

Join Oley in supporting this critical initiative.
All funds raised at this conference will be recognized as from the Oley community.
Stop by their booth, and donate what you can in the Dipping Jar.

What’s a DipJar?
DipJar is a fast, easy, and FUN way to support nutrition research. Just “dip” your credit card. The donation amount is displayed on the top of the DipJar. DipJars are located in the Exhibit Hall at the ASPEN Rhoads Research Foundation booth. All gifts received at this conference will be recognized with special thanks to Oley on the ASPEN website.
The Nutrishare HomePN Research Prize was established in 2007 to encourage clinical studies focused on improving the quality of life for homePN consumers. The 2018 prizes will be awarded to:

**Marianne Opilla, RN, BSN, CNSC**  
Nutrishare, Inc.  
Midlothian, Virginia  
*Central Venous Catheters for Home Parenteral Nutrition: Characteristics and Outcomes of Devices in Place for Five Years or Greater*

**Siri Tribler, MD**  
University Hospital of Copenhagen, Rigshospitalet  
Copenhagen, Denmark  
*Catheter-Related Bloodstream Infections in Patients with Intestinal Failure Dependent on Home Parenteral Support: Evaluation of a Catheter-Salvage-Strategy*

**Yannick Wouters, MD, PhD-Student**  
Radboud University Medical Center  
Nijmegen, The Netherlands  
*Repair of Damaged Central Venous Catheters Is Safe and Substantially Prolongs Catheter Survival in Patients on Home Parenteral Nutrition*

Research papers will be presented during Tuesday morning’s main session.
Ribbons & Dots

You’ve probably noticed several people milling about the conference wearing ribbons and stickers on their badges. To unravel the mystery, below is a color-coded guide to their significance. Colored stickers (“dots”) can be used to identify the diagnosis (or diagnoses) and nutrition therapy (or therapies) your family has experience with—making it easier for you to connect with others with similar experiences. Pick up ribbons and stickers at the registration desk.

Duck Pins for Good Deeds
As you go through the week, keep your eyes open for duck pins on attendees. We’ve given Oley Ambassadors a pin to wear as a thank you for making a difference to those seeking their help and guidance. Pins have also been distributed to first-time attendees, for them to pass along to someone at the conference who they feel has helped them. This is in the spirit of the Peabody, where ducks rock!

Want to meet your Inspire friends?
Add an orange “Inspire Member” ribbon to your name badge and introduce yourself to others with the ribbon.

Wondering what’s best for you to eat?
Reach out to one of the volunteers wearing an eggplant-colored “Ask Me I’m a Dietitian” ribbon. Menus for the Oley conference functions are posted at www.oley.org so you can plan ahead for your needs.
#SHORT BOWEL WARRIOR

“**I WAS NEVER GOING TO LET SHORT BOWEL SYNDROME STOP ME.**”

—MISA, SBS PATIENT

**GO TO BOOTH 31** at the Oley Annual Conference to show your inner #shortbowelwarrior and visit [shortbowelwarrior.com](http://shortbowelwarrior.com) to learn more about patients living with short bowel syndrome.
