Since starting HPN in 1968, Sharon had twin boys, worked full-time as a nurse, and now enjoys an active retirement.

Oley newsletters give Akhil’s parents strength, information, and inspiration.
The Oley Foundation

Founded in 1983 by Lyn Howard, MD, and her patient, Clarence “Oley” Oldenburg, the Oley Foundation helps people dependent upon

- **home parenteral nutrition** (HPN, IV nutrition), where solutions are infused by IV directly into the bloodstream, and
- **home enteral nutrition** (HEN, tube feeding), where formula is delivered by tube into the stomach or intestinal tract.

Issues with the digestive system, such as the inability to swallow, a motility disorder, or a shortened intestine, prevent HPN/HEN consumers from sustaining themselves through normal eating, making long-term home IV nutrition or tube feeding necessary for survival. Experience shows people can live full lives on HPN for fifty years or more.

Information and Support

The Oley Foundation provides its 19,000+ members with critical information on topics such as medical advances, research, and health insurance. The Foundation is also a source of support, helping consumers on home IV nutrition and tube feeding overcome challenges, such as their inability to eat and altered body image. All Oley programs are offered **FREE of CHARGE** to consumers and their families.

Oley Foundation Programs

- **Lifeline Letter**: a bimonthly newsletter with articles about medical advances, personal experiences, and more
- **Information Clearinghouse**: a resource designed for answering questions about home IV nutrition and tube feeding through a website, webinars, online videos, email, and phone calls
- **Consumer Networking**: a source of peer support that includes an online chat forum, and the ability to call or email experienced consumers and caregivers
- **Conferences**: an opportunity for consumers, clinicians, providers, and industry representatives to share information and support
- **Ambassador Network**: a grassroots network of 65 volunteer consumers and caregivers in the US, Australia, Canada, New Zealand, Norway, Poland, and the UK

“Connecting with Oley was like finding a home we didn’t know we had....It was such a relief to find solutions to tube troubles, and reassuring to read profiles of older children enjoying active lifestyles....The Oley Foundation helped us gain confidence in ourselves as caregivers and assurance in knowing that we are not alone if we need help, supplies, or advice.”

—Mary & Nathanael, parents of Natalie, on HEN since 2009

“Being involved with Oley has allowed me to meet people and share that living a fulfilling life on HPN is possible!”

—Mallory

Support from Oley helped Rick get back to the activities he enjoys—like spending time with his grandson.

Oley conferences are a great place to meet other families living with home tube feeding and/or IV nutrition.
