January 16, 2018

Dear STAR Teacher System Winner,

Congratulations on being named a STAR Teacher! It is certainly a distinct honor to be chosen by one of your students as having made a "significant" impact on your student's academic and personal development.

Your STAR Student has also achieved the honor of being named the school system's STAR Student System Winner. As System Winners, your STAR Student and you will be asked to attend the STAR Region Recognition Event.

As part of the Region Event program, you may be asked to comment briefly (about 1 minute) about your STAR Student. **Remember that all the students are outstanding and have received similar honors, so please focus your comments on something unique and interesting about your student, as well as thanking him or her for the honor.** Also keep in mind that a large number of students and teachers will be speaking, so please limit your comments accordingly.

You and your student will receive information concerning the Region Event from your local sponsor and/or your school counselor, who will coordinate your attendance. A copy of the Table of Region Events is enclosed.

At the end of the Region Event, the announcement of the STAR Region Winner(s) will be made. If your student is named the **STAR Student Region Winner**, the **student and you** will be invited to compete for state honors and awards at the **State PAGE STAR Banquet** held in Atlanta on **Monday, April 23, 2018.**

The State PAGE STAR Banquet will be held at the Sonesta Gwinnett Place Atlanta (located in Duluth, GA) and all STARs (not only the Region Winners) and their families are invited to attend. Ticket information for the banquet will be sent to your local sponsor as well as your school counselor at some time in March. For more information and to see a video of last year's state event, go to our website at www.pageinc.org/STAR.

We look forward to meeting you and your STAR Student at your Region Event.

Sincerely,

A handwritten signature in black ink that reads "Ann Stucke".
