**ORTHOPAEDICS
— IN THE —
LONE STAR
STATE**

Dear Colleagues,

I encourage you to make plans now to attend the 20th Annual Conference of the Physician Assistants in Orthopaedic Surgery (PAOS). This year's meeting will be held August 26-30 at the JW Marriott Hill Country Resort and Spa in San Antonio, Texas. There is much to offer, not only at the resort, but also locally in San Antonio. Our meeting has traditionally sold out attendance and we expect this year to be no different given the popularity of the San Antonio location and the PAOS proven track record of top-notch events.

The week will be filled with lectures and workshops that allow for in-depth knowledge and updates on a broad range of orthopaedic topics. We will be recruiting speakers from some of the top medical institutions in the area that include Brooke Army Medical Center, UT San Antonio and other orthopaedic groups that support the local professional and college athletic programs. There will be plenty of time to network with colleagues and enjoy the hospitality of the South, countless outdoor activities and tourist attractions in the area.

PAOS consistently provides a premier conference for PAs and NPs practicing in orthopaedics. Don't miss this one!

We look forward to seeing you in San Antonio!

Scott R Jolman, D.Sc., PA-C
Chairman, Continuing Medical Education
