LETTER OF RECOGNITION

The Institute for Performance and Learning exists to elevate the performance and learning profession, setting the standard for excellence in professional practice and enabling positive results on performance and productivity across organizations. *Performance & Learning Month* celebrates and promotes the importance of workplace performance, learning and development.

The Institute's Calgary Chapter of workforce learning professionals provides services to address key business challenges and raise the proficiency of Canada's entire workplace performance and learning community, critical to a healthy economy.

The City of Calgary recognizes September 2018 as *Performance & Learning Month*, to acknowledge the important contribution of workforce learning professionals in our community.
