QP Forum Conference

2nd November 2017 | Llangoed Hall, Brecon, Wales, UK

the pharmaceutical & healthcare sciences society

QP Forum Conference

The PHSS QP Forum was established in 2011 by a group of Welsh QPs who wanted a local network and a local forum. This has expanded to a small annual conference open to all. The scope is commercial and investigational medicinal products, Qualified Persons, Quality Assurance, Pharmaceutical Quality Systems and current regulations/guidance. We have manufacturing, research and development, service industries and hospital delegates and aim to be a wide based Pharmaceutical compliance forum. We are still small enough to set our own agenda and speakers and suggestions for topics are always welcome. We have also generated a position paper for MHRA consideration.

The annual conference is geared to practical advice, review of new and current regulatory guidance and industry/research/hospital speakers talking through their own processes. Hopefully it covers some areas of required CPD. We generate a conference environment favourable to frank and confidential discussions on Quality Systems and QA/QP responsibilities.

Schedule

9.30am - 10.00am

Registration
PHSS

10.00am - 10.15am

Welcome
Kay O'Hagan (Tecmac)
