

# APSA August updates: ITAR, Regional Meeting deadlines fast approaching

**Interested in radiology? ITAR applications are due soon!**

Applications for the RSNA Introduction to Academic Radiology (ITAR) program are due August 16!

We would like to invite you to apply for the RSNA Introduction to Academic Radiology (ITAR) program. As part of a collaboration between RSNA and APSA, two medical students will be selected to travel to the RSNA Annual Meeting in Chicago for this special 4-day seminar to be held from Nov 29th-Dec 3rd, 2015. A \$1000 stipend will be awarded by RSNA to the selected students to offset travel and lodging costs. Apply today! View the full announcement and download the application [here \(/?page=2015itar\\_app\)](#)!

**Submit your abstracts for the Northeast Regional Meeting today!**

The abstract deadline for the APSA Northeast Regional Meeting is fast approaching (August 17th)! There will be a poster session, 2 keynote speakers, 3 student oral presentations, workshops, and ample breakfast and lunch. Reserve your discounted room soon! REGISTRATION IS FREE for all students, so submit your abstract and register [here \(/events/register.aspx?id=649246&itemid=fb9825d8-d2b2-43b7-a42c-28191388e687\)](#) today! For more details, visit the regional meeting [website \(/events/event\\_details.asp?id=649246\)](#).

**The Southeast Medical Scientist Symposium abstract deadline is August 31.**

SEMSS 2015 will be held on September 19th and 20th at Vanderbilt. [Registration \(http://www.southeasternmdphd.org/semss-registration/\)](http://www.southeasternmdphd.org/semss-registration/) is \$15 and includes admission to many engaging sessions and talks plus meals! Everyone is encouraged to present a poster at SEMSS, no matter your research topic or level. Prizes for top posters by Undergraduates and Graduate/Medical students will be awarded! Check out the symposium [agenda \(http://www.southeasternmdphd.org/agenda-and-program/\)](http://www.southeasternmdphd.org/agenda-and-program/)!

## Mark your calendars for the first interactive session of the year!

APSA's first online interactive session featuring Dr. Scott Nyberg will take place on September 8th at 8pm EDT. Dr. Nyberg's research focuses on the development of a multidisciplinary bioartificial liver program to improve the treatment of patients with liver failure and support the Mayo Clinic clinical liver transplant program.
