

FIND AN ARBORIST DIRECTORY

Q2 2026

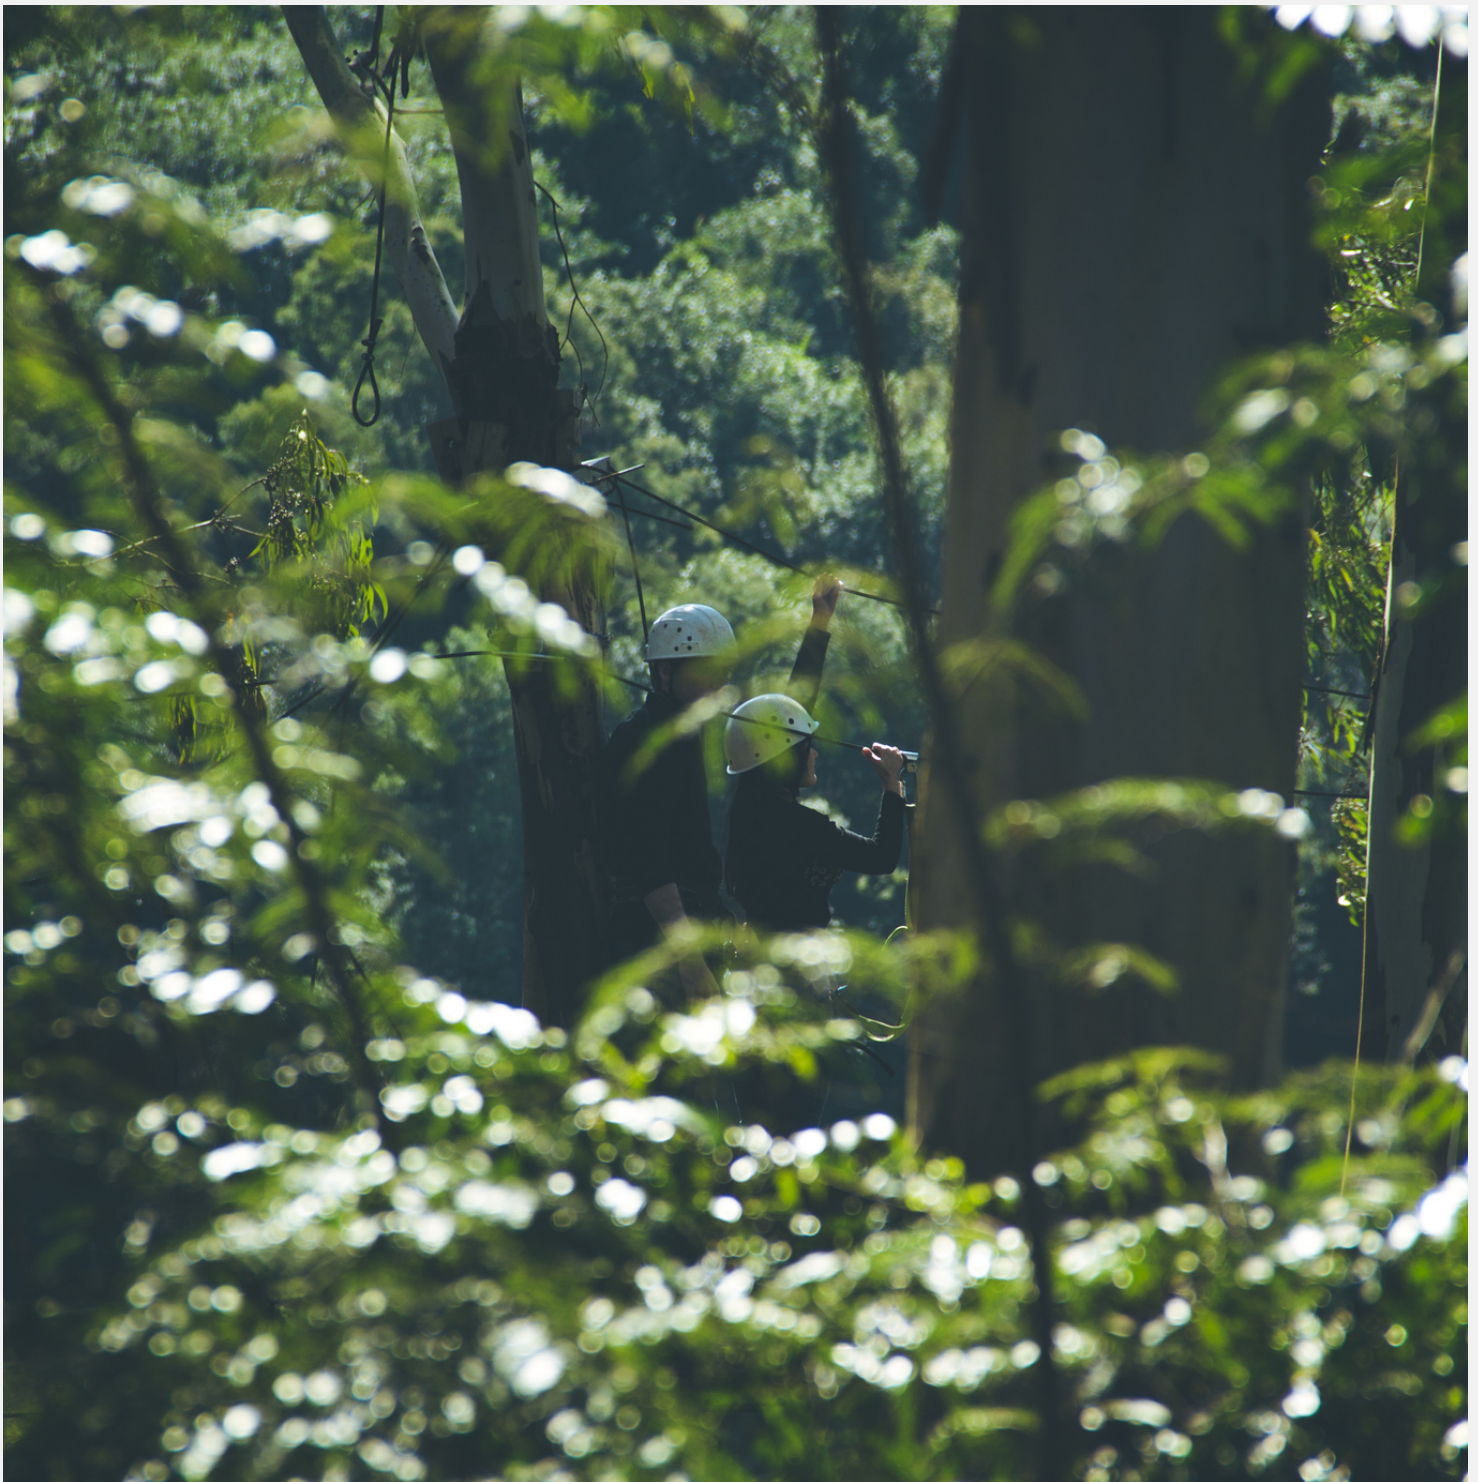

TABLE OF CONTENTS

PNW-ISA'S Find An Arborist directory is a helpful resource to identify ISA Certified Arborists for hire. Members are located throughout the PNW region (Alaska, Idaho, Oregon, Washington, and British Columbia, Canada) and beyond. This is not a complete listing of ISA Certified Arborists nor is it a tool to verify credentials. Instead, this should be used as a reference to find qualified individuals in your area for the services that you need assistance with.

To locate an arborist in your state/province, please view the pages identified below.

Consulting Arborist

Services Offered: Risk/Hazard Assessment, Report Writing, Pathogen Location and Identification, Appraisal, Protection for Construction and Lightning, Plant Health Care advice, Species Selection for most sites, Soil and Landscape Analysis for wet- and drylands.

I have lived in the Pacific Northwest most of my life and tried to observe as much as possible the surrounding landscape. Graduating with High Honors from Skagit Community College in Environmental Conservation, my first job was Ken's Tree Service in Whatcom. Eventually becoming foreman, I was hired away to become a rigging specialist for big trees in Island County. Now I no longer do much pruning or tree work and instead enjoy teaching people about their trees and property.

Consulting Arborist

Services Offered: Tree Risk Assessments and small jobs.

I started off my career in the Powerline clearance trade in 2007 (14 years). As a crew leader for most of my career I've work anywhere from downtown Seattle to rural right-of-ways in the Tacoma watershed. I then switched to working for a private tree care company as a consulting arborist and manager. I now enjoy educating customers for the best solutions for there trees. If you need a Tree Risk Assesment or consulting contact me!
