# Who's Who in Photography 2021

Volume 14, No. 14 • November 2022

There are six Photographic Society of America (PSA) Divisions: Projected Image Division (PID), Nature Division (ND), Photojournalism Division (PJD), Photo Travel Division (PTD), Pictorial Print Division (PPD) and 3D Division (3DD). These Divisions identify the top exhibitors worldwide on an annual basis through the publication of *Who's Who in Photography*, a special edition of the *PSA Journal*. This listing includes all photographers who achieve an established level of success by participating in PSA-recognized exhibitions, whether they are PSA members or not.

The number of exhibitions recognized by PSA for all divisions rose significantly from 470 in 2020 to 610 in 2021, and the total number of judgings also rose 45% from 4,626 judgings in 2020 to 6,712 judgings in 2021. The increase in judgings may be due to additions of many new exhibitions plus the trend toward circuits with multiple judgings. Out of this year's 610 exhibitions, 288 (or 47.3%) were circuits with up to 6 judgings per exhibition. This is an amazing growth in the last decade.

*Who's Who in Photography 2021* is PSA's annual record of exhibitors in all divisions and sections of the PSA-recognized international exhibitions who have met the

The Photographic Society of America (PSA) is a worldwide organization providing a wide range of services that promote photography and benefits to its members. Individual members can participate in competitions, study groups and online education programs designed to advance their photographic knowledge and skills. Competitions are held for clubs, councils, federations and chapters, also. Member image galleries are always available for viewing. An annual youth photography showcase, open to all students of high school age, is conducted as well. Opportunities for image analysis and critique as well as discounts for both hardware and software products are available for all members. In addition to special access to a Members Only area on this dynamic and informative website, every member receives the high-quality *PSA Journal* each month.

minimum number of acceptances in 2021. The minimum number required is explained in each division's section of this issue. If the minimum number is four or less, the added requirement is acceptances in two or more judgments, thus exhibitors having acceptances in sections with 20 or fewer judgments must meet this requirement.

Exhibitors are listed alphabetically in each section, along with three numbers under the following column headings: Jdg = number of judgments in which the exhibitor had acceptance according to EDAS (Exhibition Data Acceptances Spreadsheet) records; Acc = total number of Acceptances; and AJS = average Judging Score. Exhibition Judging Scores are no longer posted in the Who's Who area of PSA's website. To acquire that information, the exhibitor is directed to contact the Exhibition directly.

Two asterisk symbols (\*\*) denote that the exhibitor has provided judging services in that Division. The number of acceptance credits given depends upon the number of judges on the panel: 3 judges = 3 Acc, 4 or 5 judges = 2 Acc, 6 to 10 judges = 1 Acc and more than 10 = Zero (0) Acc. A judge must have actual acceptances in that section of other exhibitions in order to receive judging credits.

The Top Exhibitor boxes list those individuals who achieve at least the minimum Average Judging Score (AJS) in a minimum number of judgments (Jdg). The minimum AJS and Jdg required are calculated separately and noted in each section. All PSA members who are among the top ten (10) in the Top Exhibitors box of each Division's section listings receive a *Who's Who* certificate.

Every effort has been made to record accurate information in this year's *Who's Who in Photography*; however, we are dependent on the accuracy of the exhibitions' results forwarded to PSA on their EDASs. Those exhibitions are, in turn, dependent on the consistency in which **you**, the entrant, enter your name and country. Name and country designation variation from one exhibition's data to another prevents merging of acceptance results and may result in lost acceptances. Please use only **ONE** variation of your name for all exhibition entries. **Only**

**English/Latin characters** may be used in names and image titles.

After receiving your issue of *Who's Who in Photography*, catalog errors should be reported **immediately** to the exhibition and appropriate *Who's Who* and Star Ratings Directors listed on the website. These corrections **must** be confirmed by the exhibition.

All of us in PSA Exhibition Services, Exhibition Standards Directors, *Who's Who* Directors, and Star Ratings Directors, are thankful to those exhibitions that took advantage of the instructions on the PSA website in submitting both catalogs and Exhibition Data Acceptances Spreadsheets (EDAS). We are aware that it has not been easy for some to understand these instructions but appreciate the efforts of those who have worked with us in resolving a number of issues.

A special Thank You is deserved by the EDAS correction group who worked tirelessly to handle the huge amount of data received from the exhibitions, integrate new features in preparing the data, and directing the results to the Directors. We are also grateful for the enormous amount of time that the *Who's Who* Directors spent in checking, editing and formatting those results.

There were 594 recognized exhibitions and circuits, consisting of 2,190 judgings and resulting in a total of 8,760 (2,190 X 4) possible acceptances. This listing consists of exhibitors with 150 or more acceptances, which is 5% of the total possible acceptances, rounded down (438) or 150 whichever is less. There are 602 records in this *Who's Who* list. Names with “\*\*” following their countries served as judges, and their judging credits are included in the number of acceptances.

The average Jdg was 190 (sum of all values in the Jdg column divided by the number of exhibitors listed in this section, rounded up). The average AJS was 2.653 (sum of all values in the AJS column divided by the number of exhibitors). The Top Exhibitors Box contains 68 exhibitors having acceptances in at least 190 judgings and having an AJS of at least 2.653.

# Projected Image Division (PID) Monochrome

Compiled by Valentina Sokolskaya, APSA, EPSA, EFIAP,

PID-M Who's Who Director, pid-whos-who-director@psa-photo.org

There were 584 recognized exhibitions and circuits, consisting of 1498 judgings and resulting in a total of 5992 (1498 X 4) possible acceptances. This listing consists of exhibitors with 150 or more acceptances, which is 5% of the total possible acceptances, rounded down (299) or 150 whichever is less. There are 381 records in this "Who's Who" list. Names with "\*" following their countries served as judges, and their judging credits are included in the number of acceptances.

The average Jdg was 171 (sum of all values in the Jdg column divided by the number of exhibitors listed in this section, rounded up). The average AJS was 2.691 (sum of all values in the AJS column divided by the number of exhibitors). The Top Exhibitors Box contains 48 exhibitors having acceptances in at least 171 judgings and having an AJS of at least 2.691.

## Nature Division (ND) Digital

Compiled by Zoran Zdravev, EPSC, Who's Who Director,  
Nature Division, nd-whos-who-director@psa-photo.org

There were 477 recognized exhibitions and circuits, consisting of 1264 judgings and resulting in a total of 5056 (1264 X 4) possible acceptances. This listing consists of exhibitors with minimum 150 or more acceptances. Names with “\*\*” following their countries served as judges, and their judging credits are included in the number of acceptances.

The average Jdg was 176 (sum of all values in the Jdg column divided by the number of exhibitors listed in this section, rounded up). The average AJS was 2.764 (sum of all values in the AJS column divided by the number of exhibitors). The Top Exhibitors Box contains 36 exhibitors having acceptances in at least 176 judgings and having an AJS of at least 2.768.

### Join PSA and Turn Your Acceptances into Distinctions

PSA members have the opportunity to use their acceptances to apply for PSA Stars and Recognition of Photographic Achievement (ROPA). ROPA Distinctions include Qualified (QPSA), Proficiency (PPSA), Excellence (EPSA), Master (MPSA) and Grand Master (GMPSA). All exhibitors, who have acceptances in PSA-recognized exhibitions and meet the minimum standards of each division for inclusion, will be listed in the PSA's Who's Who in Photography publication—the only such listing in the world for over the past 50 years. Join PSA at <https://psa-photo.org/>

## Photojournalism Division (PJD) Projected

Compiled by Chris Reynolds, MPSA, PJD Who's Who Director,  
cpreynolds@msn.com

There were 237 recognized exhibitions and circuits consisting of 591 judgings, resulting in a total of 2,364 (591 X 4) possible acceptances. This listing consists of exhibitors with 118 or more acceptances (Acc column), which is 5% of the total possible acceptances, rounded down. Names with “\*\*” following their countries served as judges, and their judging credits are included in the number of acceptances.

For the 113 listed exhibitors, the average number of judgings entered (Jdg) was 129 (sum of all values in the Jdg column divided by the number of exhibitors, rounded up), exceeding the default value of 75 for inclusion in the top box. The average adjusted judging value AJS was 2.654 (sum of all values in the AJS column divided by the number of listed exhibitors). The Top Exhibitors box lists 31 exhibitors with acceptances in at least 75 judgings and having an AJS of at least 2.654.

# Photojournalism Division (PJD) Prints

Compiled by Chris Reynolds, MPSA, PJD Who's Who Director, cpreynolds@msn

There were 3 recognized exhibitions consisting of 4 judgings, resulting in a total of 16 (4 X 4) possible acceptances. This listing consists of exhibitors with 1 or more acceptances, which is 5% of the total possible acceptances, rounded up. Names with “\*\*” following their countries served as judges, and their judging credits are included in the number of acceptances.

For the listed 61 exhibitors, the average number of judgings entered (Jdg) was 2 (sum of all values in the Jdg column divided by the number of exhibitors, rounded up), which in this case is less than the default value of 75 typically required for inclusion in the top box. The average AJS was 2.466 (sum of all values in the AJS column divided by the number of listed exhibitors). The Top Exhibitors box lists 8 exhibitors with acceptances in at least 2 judgings and having an AJS of at least 2.466.

The recognized exhibitions for 2021 were Northwest (NWIEP), PSA Print and Tulle.

## Pictorial Print Division (PPD) Large Monochrome Prints

Compiled by Margaret Boike, APSA, MPSA2, BPSA, AFIAP,  
PPD Who's Who Director,  
ppd-whos-who-director-class-a-prints@psa-photo.org

There were 13 recognized exhibitions and circuits, consisting of 16 judgings and resulting in a total of 64 (16 X 4) possible acceptances. This listing consists of exhibitors with 3 or more acceptances, which is 5% of the total possible acceptances, rounded down. Acceptances must have been attained in at least 2 judgings. Names with “\*\*” following their countries served as judges or chairpersons, and their judging and/or chairing credits are included in the number of acceptances.

The average Jdg was 4 (sum of all values in the Jdg column divided by the number of exhibitors listed in this section, rounded up). The average AJS was 3.105 (sum of all values in the AJS column divided by the number of exhibitors). The Top Exhibitors box contains 150 exhibitors with acceptances in at least 4 judgings and having an average AJS of at least 3.105.

Star Program

Members sharing the benefit of PSA membership by referring a new member to PSA are recognized by the Membership Star Program. The referrals are recorded in the Membership Referral Database, and the referring member's name is listed on the PSA website and counts towards membership star levels.

In the year, 2021, 205 new members were referred by a PSA member. The following 20 PSA members are credited with five or more referrals and are added to the membership star totals.

# **Editorial Awards**

The PSA Editorial Awards program was established in 1957 for the express purpose of recognizing those members in the Society who contribute articles and photographs for publication in the *PSA Journal*. The basic procedures established at the beginning of the program have basically remained unchanged. To qualify for Who's Who, a member must have earned at least twenty points during the calendar year. Points awarded range from two for a news item to twenty for a feature article for more than one page and are recorded and maintained by the Chairman.

Contact **Ajay Kapoor** at editorial-stars@psa-photo.org for more information.

Congratulations to all of you listed in the annual PSA's *Who's Who in Photography*. Now put those hard-earned acceptances to use. PSA members can accrue their acceptances towards the various star ratings offered by the PSA Divisions. Stars lead to Recognition of Photographic Achievement (QPSA, PPSA, EPSA, MPSA, etc.) Not a member, then why not join? You can take any acceptances you earned in prior years by taking advantage of the PSA's Member Stars Buy Back program for as far back as 10 years. Visit <https://psa-photo.org/index.php?new-member-stars-buy-back> for more information.

The number of Exhibitions recognized by PSA continues to grow, providing you more opportunities for acceptances. This growth also makes providing you with this *Who's Who in Photography* a herculean task by dedicated PSA members who volunteer to compile this information. Please do your part by double checking your entries when you submit them and being consistent in how you provide your names to the exhibitions. Your help will go a long way toward helping our volunteers minimize errors in this list.
