Join the **Physicians Society of Central Florida** for the Winter Elegance: The 2027 Inauguration Gala an inspiring evening celebrating leadership, community, and the future of medicine.

This special gathering marks the installation of our incoming president, Dr. Jessica Auffant and recognizes the contributions of our outgoing leader, Dr. Benjamin Kaplan

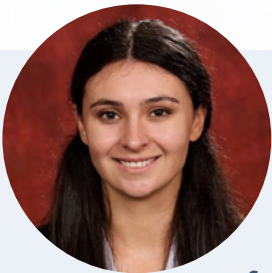

Sponsorship opportunities are available and provide meaningful support to both the Society and the Foundation's mission. This special evening will honor leadership, foster community, and support the future of medicine for the Central Florida community.

The **PSCF Foundation**, as the philanthropic arm of the Physicians Society of Central Florida, is committed to supporting charitable and educational initiatives.

Medical School Scholarships are essential in addressing the critical shortage of physicians nationwide, which directly impacts the quality of healthcare in various communities. Your generous support plays a vital role in fostering the future generation of physicians through scholarships for students at the FSU College of Medicine, UCF College of Medicine, and the Orlando College of Osteopathic Medicine.

This scholarship plays a crucial role in allowing me to follow my passions and pursue my goals in global health by financially supporting mission trips to Honduras so I can work directly with their government and communities.

Campus Merit Scholarship Recipient

The Foundation's **LifeBridge Physician Wellness Program** offers support services for local physicians struggling with burnout. It provides a sanctuary for physicians to manage stress, restore balance, and recover from trauma in a demanding medical profession.

The **PSCF Resident Research Competition** highlights research projects and clinical cases presented by resident physicians throughout Central Florida. This program offers aspiring physician leaders the opportunity to showcase their work to PSCF members, earn professional recognition, and engage with the medical community. Award recipients are honored at the PSCF Future of Medicine Awards, where cash prizes are provided to support their ongoing academic and professional advancement.
