

CHRISTMAS GOODWILL MESSAGE FROM THE PRESIDENT

CHRISTMAS
CHRISTMAS

2015

Dear Colleagues,

The Christmas Season is here and it affords us a few holidays to spend time with family and friends, review the year and reflect on the coming year. The ideals of Christmas: giving and sacrifice is an integral part of our call as friends of the human race. So we have a legitimate course to celebrate as we look forward to the New Outlook for our profession in Ghana.

On my own behalf and on behalf of leadership (SEC and GB), I wish you a blessed and fruitful celebration. Whatever the challenges we face today, the gift of life offers hope of a better tomorrow.

So may the blessings, gifts and good tidings of the Season equip you with a renewed sense of passion to embrace success in every sphere of your career and life.

I wish all Pharmacists, their families, staff and working colleagues a **MERRY CHRISTMAS** and a **PROSPEROUS, FULFILLING NEW YEAR**.

May 2016 bring us all the blessings and good things that we have always wished for, hoped for and worked for.

Afenhyia Pa!

Afii oo Afi!!

God bless us all.
